Fourteen-year-old Rooney loves hip-hop almost as much as she loves her grandmother. She cannot wait to compete in her school's dance competition. But as her grandmother's health deteriorates, Rooney becomes more and more reluctant to visit her in the care home. These feelings of guilt and frustration cause Rooney to mess things up with her hip-hop dance partner and best friend, Kira. But while doing some volunteer hours in the hospital geriatric ward, Rooney meets an active senior recovering from a bad fall. Their shared love of dance and the woman's zest for life help Rooney face her fears, make amends with Kira and reconnect with Gram before it's too late.

The most comprehensive manual of the practice of insight meditation (vipassana), written by one of its foremost 20th century proponents, is translated into English for the first time. Manual of Insight is the magnum opus of Mahasi Sayadaw, one of the originators of the "vipassana movement" that has swept through the Buddhist world over the last hundred years. The manual presents a comprehensive overview of the practice of insight meditation, including the foundational aspects of ethical self-discipline, understanding the philosophical framework for the practice, and developing basic concentration and mindfulness. It culminates with an in-depth exploration of the various types of insight and spiritual fruits that the practice yields. Authored by the master who brought insight meditation to the West and whose students include Joseph Goldstein, Jack Kornfield, and Sharon Salzberg, Manual of Insight is a veritable Bible for any practitioner of vipassana.

"My heart wandered through the world constantly seeking after my cure, but the sweet and delicious water of life had to break through the granite of my heart." When the words of Rumi enter your heart, something softens, breaks, and is subtly reborn. That he wrote the words seven hundred years ago in a medieval Persian world that bears little resemblance to ours makes their uncanny resonance to us today just that much more remarkable. Here is a treasury of daily wisdom from this most beloved of all the Sufi masters—both his prose and his ecstatic poetry—that you can use to start every day for a year, or that you can dip into for inspiration any time you need to break through the granite of your heart.

Embrace and revel in the stories of the toughest cyclists of all time, told by The Velominati, originators of The Rules. Read and get ready to ride . . . In cycling, suffering brings glory: a rider's value can be judged by their results, but also by their panache and heroism. Prepared to be awed and inspired by Chris Froome riding on at the Tour de France with a broken wrist or Geraint Thomas finishing it with a broken pelvis. In The Hardmen the writers behind cycling superblog Velominati.com and The Rules will tell the stories and illuminate the myths of not just the greatest cyclists ever, but the toughest. From Eddy Merckx to Beryl Burton, and from Marianne Vos to Edwig Van Hooydonk, the book will lay bare the secrets of their extraordinary and inspirational endurance in the face of pain, danger and disaster. After all, suffering is one of the joys of being a cyclist. Embrace climbs, relish the descents, and get ready to harden up. . .

Originally published by HarperCollins in 1992.

Contemporary artists Robert Colescott (1925–2009), Kerry James Marshall (b. 1955), and Mickalene Thomas (b. 1971) are distinguished by their attention to a history of representation, which they re-visit and revise to reflect on individual and collective Black experience. Equally engaged with social and political histories, and the history of art, Colescott, Marshall, and Thomas have created works that at times poignantly and satirically critique dominant narratives and posit alternatives. By considering these artists together, this thought-provoking book expands our understanding of contemporary history painting, a genre first defined during the 17th century and known for didactic paintings that often depicted Biblical or mythological subjects, and expressed the tastes and narratives of a ruling class. Colescott, Marshall, and Thomas marry appreciation of these traditional forms of representation to a deep understanding of contemporary American culture to create insightful works that disrupt historic narratives and read canonic art history against the grain.
