The definitive inside account of Toyota's greatest crisis—and lessons you can apply to your own company

"Those who write off Toyota in the current climate of second guessing and speculation are making a profound mistake and need to read this book to get the facts. Toyota is a

File Type PDF 2009 Toyota Venza Manual File Type

company that will channel the current challenges to push themselves to even more relentless continuous improvement." —Charles Baker, former Chief Engineer and Vice President for R&D, Honda of America
"Toyota Under Fire is a superb book and should prove very helpful to

File Type PDF 2009 Toyota Venza Manual File Type

American industry's understanding of the problems faced and how any company can prevent similar occurrences in the future." —Norman Bodek, author, founder of Productivity Press, and inductee in 2010 Industry Week Manufacturing Hall of Fame "As a former automotive supplier

File Type PDF 2009 Toyota Venza Manual File Type

executive and student of Toyota, I was concerned to see the many negative reports and investigations into the quality and safety of its vehicles.

Toyota Under Fire tells the story of how this great company is growing wiser and stronger by living its culture and values." —Michael Fisher,

File Type PDF 2009 Toyota Venza Manual File Type

CEO, Cincinnati Children's Hospital Medical Center "Just as Toyota has put itself through excruciating soul-searching in order to understand what went wrong, so should we all take advantage of the opportunity for learning presented to us by Toyota's misfortune. In these pages, you will

File Type PDF 2009 Toyota Venza Manual File Type

find that the actual circumstances were far more complex, nuanced, and uncertain than you saw reported in the news." —John Y. Shook, Chairman and CEO, Lean Enterprise Institute

"The most comprehensive and detailed review to date of the circumstances that led to the crisis,

File Type PDF 2009 Toyota Venza Manual File Type

and the events and contexts that caused it to escalate. ” —Strategy & Business About the Book For decades, Toyota has been setting standards that are the envy—and goal—of organizations worldwide. Its legendary management principles and business philosophy, first documented

File Type PDF 2009 Toyota Venza Manual File Type

by Jeffrey K. Liker in his influential book *The Toyota Way*, changed the business world's approach to operational excellence. Granted unprecedented access to Toyota's facilities worldwide, Liker, along with Timothy N. Ogden, investigated the inside story of how Toyota faced the

File Type PDF 2009 Toyota Venza Manual File Type

challenges of the recession and the recall crisis of 2009–2010. In both cases, the company was caught off guard—and found that a root cause of the challenges it faced was its failure to live up to its own principles. But the fundamentals were still there, and the company has ultimately come out of

File Type PDF 2009 Toyota Venza Manual File Type

the most challenging years of its postwar existence even stronger than before. Toyota Under Fire chronicles all the events of the recession and the recall crisis in detail, providing valuable lessons any business leader can use to survive and thrive in a crisis, no matter how large: Crisis

File Type PDF 2009 Toyota Venza Manual File Type

response must start by building a strong culture long before the crisis hits. Culture matters far more than decisions made by top executives. Investing in people, even in the depths of a recession, is the surest path to long-term profitability. Because it had founded its culture on such principles,

File Type PDF 2009 Toyota Venza Manual File Type

Toyota didn't need to amass an army of public relations, marketing, and legal experts to "put out the fire"; instead, it redoubled efforts to live up to its founding tenet, going "back to basics." Toyota began solving this crisis more than 70 years ago, when its organizational culture was first

File Type PDF 2009 Toyota Venza Manual File Type

established. Apply the lessons of Toyota Under Fire to your company, and you'll meet any future management challenge calmly, responsibly, and effectively—the Toyota Way.
