The Ford Expedition did come in a 2wd or 4wd model but the capacities still had the same maximum towing capacity range that we saw throughout. Towing Capacity: The towing capacity for the Ford Expeditions over the years did range from 6,000 lbs. to 9,200 lbs. The range really was not a range but a lower towing capacity (5,000 lbs.-6,000 lbs.) and a higher one (8,600 lbs.-9,200 lbs.) and was directly tied to the GCWR of the vehicle or engine configuration.
