It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. Soon, Laurel has a notebook full of letters to people like Janis Joplin, Amy Winehouse, Amelia Earhart, Heath Ledger, and more -- though she never gives a single one of them to her teacher. She writes about starting high school, navigating new friendships, falling in love for the first time, learning to live with her splintering family. And, finally, about the abuse she suffered while May was supposed to be looking out for her. Only then, once Laurel has written down the truth about what happened to herself, can she truly begin to accept what happened to May. And only when Laurel has begun to see her sister as the person she was -- lovely and amazing and deeply flawed -- can she begin to discover her own path in this stunning debut from Ava Dellaira, Love Letters to the Dead.

Past and present collide in this heartfelt novel of love and loss from the National Book Award–winning author of A Wrinkle in Time. After the tragic death of her son and the seeming collapse of her marriage, Charlotte Napier flees to Portugal in the hopes of finding guidance from her mentor: her mother-in-law, Violet. Instead, she finds solace in the letters of Mariana Alcoronado, a seventeenth-century nun. Charlotte and Mariana’s stories may be different in origin, but they share the same inner turmoil. As she reads the letters, Mariana’s spiritual journey sheds light on Charlotte’s own crisis. Finding inspiration in the nun’s struggles with sin, temptation, and faith, Charlotte gains perspective on her own mind—and sets out to accept the demanding, challenging nature of love. This ebook features an illustrated biography of Madeleine L’Engle including rare images from the author’s estate.

"[A] long, beautiful, heart-breaking love letter to potential and possibilities and hope, to the pain we survive in youth and carry with us into adulthood."--NPR Book Reviews One week. That's all Jessie said. A one-week break to get some perspective before graduation, before she and her boyfriend, Chris, would have to make all the big, scary decisions about their future -- decisions they had been fighting about for weeks. Then, Chris vanishes. The police think he's run away, but Jessie doesn't believe it. Chris is popular and good-looking, about to head off to college on a full-ride baseball scholarship. And he disappeared while going for a run along the river -- the same place where some boys from the rival high school beat him up just three weeks ago. Chris is one of the only black kids in a depressed paper mill town, and Jessie is terrified of what might have happened. As the police are spurred to reluctant action, Jessie and others speak up about the harassment Chris experienced and the danger he could be in. But there are people in Jessie's town who are infuriated by the suggestion that a boy like Chris would be a target of violence. They smear Chris's character and Jessie begins receiving frightening threats. Every Friday since they started dating, Chris has written Jessie a love letter. Now Jessie is writing Chris a letter of her own to tell him everything that's happening while he's gone. As Jessie searches for answers, she must face her fears, her guilt, and a past more complicated than she would like to admit.

Fevered notes scribbled on napkins after first dates. Titillating text messages. It's-not-you-it's-me relationship-enders. In Other People’s Love Letters, Bill Shapiro has searched America’s attics, closets, and cigar boxes and found actual letters—unflinchingly honest missives full of lust, provocation, guilt, and vulnerability—written only for a lover’s eyes. Modern love, of course, is not all bliss, and in these pages you’ll find the full range of a relationship, with its whispered promises as well as its heartache. But what at first appears to be a deliciously voyeuristic peek into other people’s most passionate moments, will ultimately reawaken your own desires and tenderness...because when you read these letters, you’ll find the heart you’re looking into is actually your own. • “i think UR great. wanna have wine & Tequila again sometime?” • “I can't believe you're real, and I think about you constantly in some way or the other all day. I haven't given the finger to anyone driving since I met you.” • “With you I learned how to fight cleaner, how to talk things out better, and how to make a strong loving family out of nothing. These are priceless gifts that I will carry with me the rest of my life. One more thing you did for me: you left, and I had to get through it.” • “P.S. I look forward to your letters too much to call. Also, where do you stand on chains?”

A bookseller is obsessed with a mysterious love note in the New York Times–bestselling author’s “sophisticated and witty valentine of a novel” (People). Intelligent, sexy, and fortyish, Helen MacFarquhar is a woman in control of her life and everyone in it—until an anonymous love letter falls into her hands one summer morning. Helen has been leading a blissful existence as the proprietor of a small bookstore in a quaint New England seaside town. She beguiles her customers into buying the titles she recommends, and flirts shamelessly with nearly every one of the town’s eccentric residents. But Helen’s self-confidence falters when the love letter arrives in her mail. “How do you fall in love?” the letter asks, and the question becomes Helen’s obsession, in this “smart, moving, and funny” (Detroit Free Press) story by the New York Times–bestselling author of The Three Weissmanns of Westport and They May Not Mean To, But They Do.

While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species, Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point. He believes that we need to move beyond the concept of the “environment,” as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them. Thich Nhat Hanh points to the lack of meaning and connection in peoples’ lives as being the cause of our addiction to consumerism. He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive. Rejecting the conventional economic approach, Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change. Love Letter to the Earth is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same.

“Plenty of twists, flashbacks, and a dash of romance keep the suspense high. For anyone looking for a dose of palace intrigue or upper-crust scandal, Riley’s latest novel delivers on both counts.” —Booklist “Chock full of shocking...this gripping novel is sure to keep Riley’s fans and new readers alike turning pages.” —Publishers Weekly “Fans of mystery, royal family intrigue, and even romance will enjoy this novel.” —Columbia Missourian In this suspenseful and heart-pounding novel from New York Times bestselling author Lucinda Riley, an ambitious young journalist unravels a dangerous mystery that threatens to devastate the British monarchy. Note to readers: In the UK, this book is published under the title The Love Letter. Keeping secrets is a dangerous game. As she peels back the veil of lies that has shrouded the secret, she realizes that she’s close to uncovering something deadly serious—and the royal family may be implicated. Before long, someone is on her tracks, attempting to prevent her from discovering the truth. And they’ll stop at nothing to reach the letter before she does. Full of salacious scandal, shocking twists, and captivating romance, and written in Lucinda Riley’s signature “vividly drawn and lushly atmospheric” (RT Book Reviews) prose, The Royal Secret is “a full-throttle escapist adventure” (Lancashire Evening Post).
