In this video, I'm going to share one of the leading theories on love: Sternberg's Triangular Theory of Love. This theory attempts to explain what is present in love, how love can be defined, and how feelings of love may change or evolve over time. Ultimately, we all feel love differently, but this theory helps to narrow down the ways in which we approach and identify our love for another person. About Robert J. Sternberg

The Theory of Love: Ideals, Limits, Futures explores stories about love that recuperate a vision of intimate life as a resource for creating bonds beyond heterosexual coupledness. This book offers a variety of ethical frames through which to understand changing definitions of love, intimacy, and interdependency in the context of struggles for marriage equality and the increasing recognition of post-nuclear forms of kinship and care. It commits to these post-nuclear arrangements, while pushing beyond the false choice between a politics of collective action and the celebration of deeply personal and incommunicable pleasures. "What kind of situation or time that makes you want to swear "Damn it!" the most? Is it when you're walking on the pavement and suddenly getting splashed by a car? Or is it when you watch a movie with high expectations but it turns out to be the other way around? For me, it's when I discover I've given my heart to someone, giving it my all, but that someone is my best friend in the same gang, who would never look at me the same way. he incorporates comprehensive yet tractable definitions of love and power, and the dynamics of groups and networks, into the traditional mainstream economic view. The result is an enhanced view of human societies that nevertheless retains the pursuit of self-interest at its core. This book provides a digestible but comprehensive theory of our socioeconomic system, which condenses its immense complexity into simplified representations. The result both illuminates humanity's history and suggests ways forward for policies today, in areas as diverse as poverty reduction and tax compliance.
