Almost no area within the Nile basin experiences a true equatorial or a true Mediterranean type of climate. While the Nile basin in Sudan and Egypt is rainless during the northern winter, its southern parts and the highlands of Ethiopia experience heavy rain—more than 60 inches (1,520 millimetres)—during the northern summer.

"My Winter on the Nile," and its sequel, "In the Levant," which record the experiences and observations of an Oriental journey, were both published in 1876; but as this volume was issued only by subscription, it has never reached the large public which is served by the general book trade.

In the winter of 1849, Florence Nightingale was an unknown 29-year-old - beautiful, well-born and deeply unhappy. After clashing with her parents over her refusal to marry, she had been offered a lifeline by family friends who suggested a trip to Egypt, a country which she had always longed to visit. By an extraordinary coincidence, taking the same boat from Alexandria was an unpublished French writer, Gustave Flaubert. Like Nightingale, he was at the crossroads in his life that was to lead to future acclaim and literary triumph. Egypt for him represented escape and freedom as well as inspiration. But as a wealthy young man travelling with male friends, he had access to an altogether different Egypt: where Nightingale sought out temples and dispensaries, Flaubert visited brothels and harems. In this beguiling book, Anthony Sattin takes a key moment in the lives of two extraordinary figures on the brink of international fame, and provides a fascinating insight into the early days of travel to one of the greatest tourist destinations on the planet.

A captivating debut that imagines a passionate friendship between Florence Nightingale and Gustave Flaubert when they were exploring the Nile in 1849. Before she became the nineteenth-century's heroine, before he had written a word of *Madame Bovary*, Florence Nightingale and Gustave Flaubert traveled up the Nile at the same time. In reality, they never met. But in *The Twelve Rooms of the Nile*, they ignite a friendship marked by intelligence, humour, and a ravishing

tenderness that will alter both their destinies. On the surface, Nightingale and Flaubert have little in common. She is a woman with radical ideas about society and God, naive in the ways of men. He is a notorious womanizer, involved with innumerable prostitutes. But both are at painful crossroads in their lives and burn with unfulfilled ambition. In Shomer's deft hands, the two unlikely soulmates come together to share their darkest torments and fervent hopes. Brimming with adventure and the sparkling sensibilities of the two travellers, this mesmerizing debut novel offers a luminous combination of gorgeous prose and wild imagination, all of it coloured by the opulent tapestry of mid-nineteenth century Egypt. 'A tour de force of twenty-first century storytelling' Gillian Gill, author of Nightingales 'Immensely satisfying ... deftly imagined' Susanna Moore, author of The Big Girls 'The Twelve Rooms of the Nile promises ... heat and mud aplenty in an atmospheric imagining of the friendship that grew between Florence Nightingale and Gustave Flaubert on their 1849 Nile journey' - Sunday Telegraph

From religion, to language, to the stories rooted in our faith and history books, the Nile River has proven to be a constant fixture in mankind's tales. In this dazzling, idiosyncratic journey from ancient times to the Arab Spring, Red Nile navigates a meandering course through the history of the world's greatest river, exploring this unique breeding ground for creativity, power clashes, and constant change. Seasoned historical writer Robert Twigger connects the comprehensive history of the Nile with his personal experience of living in Egypt while researching the Nile's historical origins. Twigger covers the entirety of the river, charting the length of the Nile from its disputed origins through Africa on a whirlwind tour of the rulers, explorers, conquerors, generals, and novelists who painted the Nile "red." Both comprehensive and intimate, this narrative guides readers through history by way of the mighty river known across the world. The result of this meticulously researched book is an all-inclusive history of this epic river and the incredible connections throughout history. The stories of excess, love, passion, splendor, and violence are what make the Nile so engaging, even after centuries of change.
