The next big reform to the legal aid system came in 1999 when the Access to Justice Act was passed. The act was designed to redraw the whole system of funding and regulating legal aid to support a system which had evolved significantly since its conception. The Act created the Legal Services Commission and gave it the power to reshape legal services.

The legal system is failing. Access to justice in the United Kingdom (UK) is at a critical level. Although it seems like barristers and solicitors say this every year, it is true. For the past several years, access to justice in the UK has declined significantly.

## [Reviving Access to Justice with Legal Technology | Justis](#)

Effective access to justice services is a crucial determinant of inclusive growth, citizen well-being and sound public administration. The rule of law, security and justice influence economic performance, and business & investment climate. Countries with trusted justice systems report higher levels of GDP per capita, property protection rights and national competitiveness.

## Access to Justice and Legal Advice Deserts in Wales ...

Without underplaying the future potential of technological innovation, or the need for a fair and rational system for the prioritisation and funding of legal services, the book questions whether the absolutist approach to the dictates of austerity and the promise of new technologies that have driven the Coalition Government's policy, can be squared with obligations to protect the fundamental right of access to justice, in the unwritten constitution of the United Kingdom.

## Access to Justice: Beyond the Policies and Politics of ...

Access to Justice Access to justice is a key tenet of the rule of law. The Law Council therefore believes that all Australians have a fundamental right to access to legal advice and services, regardless of their means, and considers that the justice system becomes meaningless if there are barriers that prevent people from enforcing their rights.
