to be a public entity, yet it is stocked with the personal, even intimate, artifacts of private lives. It is this inherent tension between public and private which inaugurates, for Derrida, an inquiry into the human impulse to preserve, through technology as well as tradition, both a historical and a psychic past. What emerges is a marvelous expansive work, engaging at once Judaic mythos, Freudian psychoanalysis, and Marxist materialism in a profound reflection on the real, the unreal, and the virtual.
