In mid-1800s America, in a milieu where thousands were dying prematurely from tuberculosis, dysentery, yellow fever, cholera, diphtheria, smallpox, and even malaria, God raised up a people with a salvific message, both physically and spiritually. In Adventist Heritage of Health, Hope, and Healing, readers will be spellbound by stories of: The fledgling Western Health Reform Institute which became the largest health care institute of its kind. The \$5,000 miracle that led to the founding of Loma Linda University Medical Center, one of the nation's premier medical facilities in southern California. The China Doctor, Grandma Whitney, and the humble academician with three doctorate degrees, who have influenced thousands through an integration of practical religion and health. The prophetic Comprehensive Health Vision that outlines a 10-step program for adding years to your life. In this book, Dr. Address explores little known historical connections that coalesce into a persuasive case for a Christian theology of healing and wellness. Throughout the book, personal anecdotes and illustrations provide a vivid and tangible portrait of a man seeking to better understand and live out the divine plan for health of body, mind, and soul. A compelling work.--John Wesley Taylor V, Ph.D Professor of education, philosophy, and research, Southern Adventist University If 'The health should be as sacredly guarded as the character' (Child Guidance, page 342), then this volume is as valuable as any work in theology. It is the heritage of all God's children to be healthy.--Arthur Mallon, teacher, author, and evangelist

This 1935 collection of Ellen G. White's admonitions is reprinted in the hope of arousing God's people to follow the divine blueprint of the medical work. The content of this book is briefly summarized in these two statements: "Loma Linda is to be not only a sanitarium, but an educational center. With the possession of this place comes the mighty responsibility of making the work of the institution educational in character. The school that is to be established at Loma Linda is to stand in the freedom of the truth." "Shall we represent before the world that our physicians must follow the pattern of the world, before they can be qualified to be successful physicians? This is the question that is now testing the faith of some of our brethren. Let not any of our brethren displease the Lord by advocating in their assemblies the idea that we need to obtain from unbelievers a higher education than that specified by the Lord."

Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.

In presenting this most important subject for the consideration of the people of God, we invite the candid and prayerful attention of all who have ears to hear. It is well understood by thousands that the great disappointment of the Advent believers arose from the fact that they believed the cleansing of the sanctuary to be the burning of the earth, or some event to transpire at the second advent of the Lord Jesus; and as they could clearly establish the fact that the 2300 days would terminate in the autumn of 1844, they looked with the full assurance of faith and hope for the glorious appearing of the Son of God at that time. Painful and grievous was the disappointment; and while the heart of the trusting was bowed with sorrow, numbers were not wanting who openly denied the hand of God in the Advent movement, and made utter shipwreck of their faith. As the subject of the sanctuary of the Bible involves the most important facts connected with our disappointment, it is worthy of the serious attention of all who wait the consolation of Israel. Those who have any interest in the past Advent movement, cannot be otherwise than deeply interested in the question of our disappointment. To examine this question with candor and fairness, and to set forth the reasons why their expectations were not realized, is the object of this work.

Der Autor geht auf Fragen ein, die jeden Adventisten interessieren (sollten): Wie kamen die Adventisten zu den Glaubensüberzeugungen, die sie heute vertreten? Wie haben sich die Lehrauffassungen im Laufe der Jahre verändert? Würden die adventistischen Pioniere alle 27 Glaubenspunkte unterschreiben wollen, die heute von der Gemeinschaft der Siebenten-Tags-Adventisten als verbindlich anerkannt werden? George Knight bezweifelt das. Er legt in wohltuender Offenheit die unterschiedlichen Strömungen innerhalb der Adventgeschichte dar und verdeutlicht, dass Adventgläubige nicht aufhören dürfen, Suchende und Lernende zu sein. So aufwühlend dies klingen mag, so beruhigend wird der Leser feststellen können: An allen untersuchten Beispielen wird erkennbar, wie wunderbar Gott die Adventgemeinde geführt hat. – How did Adventists come to believe what they believe? How have those beliefs changed over the years? With compelling candor George Knight captures the ebb and flow of the doctrinal currents within Adventism, including controversies over the shut door, the law in Galatians at the 1888 General Conference, the Trinity, pantheism, Fundamentalism, the nature of Christ, and inspiration. The Adventist Church was founded by independent thinkers who would have disagreed with several of the church's current 27 fundamental beliefs. But over the years strength arose out of contention, and consensus out of debate. From William Miller to Desmond Ford, Knight catalogues the colorful personalities who shaped the discussion, and shows how God has led Adventism into a broader and deeper understanding of His eternal truth. – A Word to the Reader, A Note From the Author, List of Abbreviations, Chapter 1: The Dynamic Nature of "Present Truth", Present Truth: Fluid Rather Than Static, The Avoidance of Creedal Rigidity, The Pathway of Progressive Understanding, Chapter 2: Adventism Wasn't Born in a Vacuum, The Theological Roots of Adventism, Millennial Visions, Chapter 3: The Millerite Theological Foundation, Miller's Use of the Bible, Miller on the Second Advent, The First and Second Angels' Messages, The Seventh-Month Movement and the Great Disappointment, Chapter 4: What Is Adventist in Adventism? In some parts of the world it seems the Seventh-day Adventist Church is in danger of settling down into a social club. That is, unless it remembers its mission. With growing secularization, disorientation, and institutionalism, how can the church maintain its identity? How is the church to function considering it was founded on the belief that time is short-yet time keeps going on?Not just for church administrators and academics-this is a call to duty to all church members, a call to become a church alive with passion and purpose. Let these pages reinvigorate you with fresh thoughts about the Adventist mission and how to accomplish it. Because the world doesn't need another social club. It needs to hear God's message.
