Mysteriously gifted with the power to rewind time, Max Caulfield used her new abilities to reconnect with her oldest friend, Chloe Price, and to bring justice to the murderers of Chloe's closest confidante, Rachel Amber. Max's abilities came at a cost, however: if Max altered the original timeline - in which Chloe died of a gunshot wound - a hurricane would destroy their hometown, Arcadia Bay. In one reality, Max chose to save Chloe's life, sacrificing Arcadia Bay. A year later, to save herself from a flux of possibilities that was tearing her apart, Max jumped into a new time line, reconciling the disparate shards of herself in the process. Max may now be whole, but she's far from unscathed. In an ocean of possibilities, where does she go from here?
