## American History: The Cold War

The reason it was a cold war was that there was no battlefield, no armies on deployment, no body counts and no major engagements to report. Instead it was a long period of silent animosity between the United States and the Soviet Union that lasted from the end of World War II up to the early 1990s.

The Cold War was a geopolitical chess match between the United States, the Soviet Union, and both parties' allies in which the major power players sought to project their respective ideologies across the globe in the wake of colonialism's collapse following World War Two.

---

The Cold War: Causes, Major Events, and How it Ended - History

Yet scholars in the rapidly expanding field of Cold War studies have seldom paused to consider the conceptual and chronological foundations of the idea of the Cold War itself. In *Uncertain Empire*, a group of leading scholars takes up the challenge of making sense of the idea of the Cold War and its application to the writing of American history. They interrogate the concept from a wide range of disciplinary vantage points--diplomatic history, the history of science, literary criticism ...
