American Journey Volume 2 5th

Point of View—The American Journey presents a balanced overview of the American past. This text does not shy away from definite positions on controversial issues, such as the nature of early contacts between Native Americans and Europeans, why the political crisis of the 1850s ended in a bloody Civil War, and how Populism and its followers fit into the American political spectrum.

The American Journey Volume 2 is what we've been using for our U.S. History course this semester. It's a pretty good book filled with information focusing on many important events of the history of America. I would recommend reading the book right after a lecture on the current topic just to re-enforce the information and learn some more things ...

The American Journey, a cornerstone series for the U.S. History market, successfully blends the coverage of political and social histories of our great nation throughout the series. With this focus, the authors show that our attempt to live up to our American ideals is an ongoing journey. This journey, while still a work in progress, is increasingly more inclusive of different groups and ideas.

#1 NEW YORK TIMES BESTSELLER • “A great American success story . . . an endearing and well-written book.”—The New York Times Book Review
Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history—Vietnam, the Pentagon, Panama, Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier’s directness. My American Journey is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanting with their leaders, General Powell’s passionate views on family, personal responsibility, and, in his own words, “the greatness of America and the opportunities it offers” inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

Designed to encourage critical thinking about history, the MAJOR PROBLEMS IN AMERICAN HISTORY series introduces readers to both primary sources and analytical essays on important topics in U.S. history. This collection serves as a primary anthology for introductory U.S. history, covering the subject's entire chronological span. Comprehensive topical coverage includes politics, economics, labor, gender, culture, and social trends. The Third Edition features greater focus on visual and cultural sources throughout. Several chapters now include images, songs and poems to give readers a better feel for the time period and events under discussion. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The #1 New York Times bestseller From Vice President Kamala Harris, one of America's most inspiring political leaders, a book about the core truths that unite us, and the long struggle to discern what those truths are and how best to act upon them, in her own life and across the life of our country "A life story that genuinely entrances." —Los Angeles Times Vice President Kamala Harris's commitment to speaking truth is informed by her upbringing. The daughter of immigrants, she was raised in an Oakland, California community that cared deeply about social justice; her parents--an esteemed economist from Jamaica and an admired cancer researcher from India--met as activists in the civil rights movement when they were graduate students at Berkeley. Growing

up, Harris herself never hid her passion for justice, and when she became a prosecutor out of law school, a deputy district attorney, she quickly established herself as one of the most innovative change agents in American law enforcement. She progressed rapidly to become the elected District Attorney for San Francisco, and then the chief law enforcement officer of the state of California as a whole. Known for bringing a voice to the voiceless, she took on the big banks during the foreclosure crisis, winning a historic settlement for California's working families. Her hallmarks were applying a holistic, data-driven approach to many of California's thorniest issues, always eschewing stale "tough on crime" rhetoric as presenting a series of false choices. Neither "tough" nor "soft" but smart on crime became her mantra. Being smart means learning the truths that can make us better as a community, and supporting those truths with all our might. That has been the pole star that guided Harris to a transformational career as the top law enforcement official in California, and it is guiding her now as a transformational United States Senator, grappling with an array of complex issues that affect her state, our country, and the world, from health care and the new economy to immigration, national security, the opioid crisis, and accelerating inequality. By reckoning with the big challenges we face together, drawing on the hard-won wisdom and insight from her own career and the work of those who have most inspired her, Kamala Harris offers in *THE TRUTHS WE HOLD* a master class in problem solving, in crisis management, and leadership in challenging times. Through the arc of her own life, on into the great work of our day, she communicates a vision of shared struggle, shared purpose, and shared values. In a book rich in many home truths, not least is that a relatively small number of people work very hard to convince a great many of us that we have less in common than we actually do, but it falls to us to look past them and get on with the good work of living our common truth. When we do, our shared effort will continue to sustain us and this great nation, now and in the years to come.

Juju 'Round The World is a Non-fiction international children's book series that details the journey of a 5-year-old African American girl as she moves from Atlanta, GA to Japan with her mom and brother. As with many people, fear of the unknown is scary. Could you imagine a drastic change at such a young age? Juju quickly finds out that all change isn't bad as she embraces the new culture introduced to her. This international travel series aims to bridge the gap between what is often thought of as the impossible for many people of color within inner cities in the US with the rest of the world. Join Juju as she meets new people and explores different cultures while traveling the world with her family.

*****A percentage of proceeds from each book are allocated to assist with initiatives and crisis on a continuous basis.

The problem with fighting death is that you will eventually lose. Eric has provoked the fury of no fewer than three grim reapers and now they're after his life. Leading the charge is his old foe, Gruffle. Flanked by an army of ghosts and nature spirits, and supported by Lord Death himself, Gruffle's victory is guaranteed. Eric's only hope of survival is to transcend the limitations of both mortality and magecraft, and fight the hostile gods as an equal. Chaotic deities support him in his endeavor but they might be a greater danger than the reapers.
