Andrew Stephen Grove was a Hungarian-born American businessman, engineer, author and a pioneer in the semiconductor industry. He escaped from Communist-controlled Hungary at the age of 20 and moved to the United States, where he finished his education. He was the third employee and eventual third CEO of Intel, helping transform the company into the world's largest manufacturer of semiconductors. As a result of his work at Intel, along with his books and professional articles, Grove had a considerable
