Health professionals provide care to patients of differing religions and cultures, and knowledge of their cultural and religious background, way of life and beliefs and practices is vital to delivering sensitive and responsive care. This revised and updated guide provides practical and comprehensive information on each of the major faiths, providing an accessible reference for appropriate day to day care of patients in multicultural societies. Healthcare professionals, including doctors, nurses, midwives, healthcare assistants, physiotherapists, psychologists, hospital chaplains and administrative staff will find it an indispensable ready reference.

The Scientific Style and Format Eighth Edition Subcommittee worked to ensure the continued integrity of the CSE style and to provide a progressively up-to-date resource for our valued users, which will be adjusted as needed on the website. This new edition will prove to be an authoritative tool used to help keep the language and writings of the scientific community alive and thriving, whether the research is printed on paper or published online.

Until now, there has only been a shallow understanding of how the leadership actions of project managers interact with ethics and social responsibility. Empirical research into this

# Get Free Apa Format For Journal Articles

subject has been sparse. *Responsible Leadership*, by Nicholas Clarke, Alessia D'Amato, Malcolm Higgs, and Ramesh Vahidi is the first study to investigate how the relationships among managers, team members, and other stakeholders can bring about personal and ethical conflicts that impact decision making. In this groundbreaking book, the authors explore how those who serve as leaders on projects can exercise their roles in ways that respond to the ever-increasing need for ethical decision making. They examine the factors that enable and constrain responsible leadership, looking at the issues faced by project managers as they interact with team members and other stakeholders. *Responsible Leadership* also provides new insights into how project managers view the moral implications of conflicts that occur as they conduct their work and is a valuable addition to the project management toolkit.
