## On Cognition Series

Artificial intelligence has now become an indispensable tool at the centre of

# Read Online Architectures For Intelligence The 22nd

problem-solving in a huge range of digital technologies, and remains one of the most vibrant topics for discussion and research. This book presents a compilation of the articles presented at the

# Read Online Architectures For Intelligence The 22nd

22nd (2019) edition of the  
International Conference of  
the Catalan Association for  
Artificial Intelligence  
(CCIA), held in Mallorca,  
Spain, from 23 - 25 October  
2019. This annual conference  
is an international event

# Read Online Architectures For Intelligence The 22nd

that serves as a meeting point for researchers into artificial intelligence based in the area of the Catalan speaking territories and for researchers from around the world. The book is divided into 8 sections.

# Read Online Architectures For Intelligence The 22nd

The first contains summaries of the 3 invited talks presented at the conference: 'New methods for fusing information and the computational brain', by Javier Fernandez; 'From correlation to imagination:

# Read Online Architectures For Intelligence The 22nd

Deep generative models for artificial intelligence' by Joan Serrà; and 'Explainable AI' by Anna Monreale. The remaining 7 sections contain 47 papers covering ethics and E-governance; machine learning; constraints and

# Read Online Architectures For Intelligence The 22nd

SAT, optimization and fuzzy;  
data science, recommender  
systems and decision support  
systems; agent-based and  
multi-agent systems;  
computer vision; and  
sentiment analysis and text  
analysis. The book provides

# Read Online Architectures For Intelligence The 22nd

an overview of the latest developments in the field, and as such will be of interest to all those whose work involves the study and application of artificial intelligence.

# Read Online Architectures For Intelligence The 22nd

Initially conceived as a methodology for the representation and manipulation of imprecise and vague information, fuzzy computation has found wide use in problems that fall well beyond its originally

# Read Online Architectures For Intelligence The 22nd

intended scope of  
application. Many scientists  
and engineers now use the  
paradigms of fuzzy  
computation to tackle  
problems that are either  
intractable

# Read Online Architectures For Intelligence The 22nd

Advances in Computer Science  
often arise from new ideas  
and concepts, that prove to  
be advantageous for the  
design of complex software  
systems. The conception of  
multi agent systems is  
particularly attractive, as

# Read Online Architectures For Intelligence The 22nd

it promodulises arity  
based on the conceptual  
speciality of an agent, as  
well as flexibility in their  
intergration through  
appropriate interaction  
models. While early systems  
drew upon cooperative

# Read Online Architectures For Intelligence The 22nd

agents, recent developments  
have realised the importance  
of the notion of autonomy in  
the design of agent based  
applications. The emergence  
of systems of autonomous  
problem solving agents paves  
the way for complex

# Read Online Architectures For Intelligence The 22nd

Artificial Intelligence  
applications that allow  
flexibility and at the  
same time foster the  
reusability of their  
components. In consequence,  
an intelligent multi agent  
application can be seen as a

# Read Online Architectures For Intelligence The 22nd

Collection of autonomous agents, usually specialised in different tasks, together with a social model of their interactions. This approach implies a dynamic generation of complex relational structures, that agents need

# Read Online Architectures For Intelligence The 22nd

to be knowledgeable of in  
order to successfully  
achieve their goals.

Therefore, a multi agent  
system designer needs to  
think carefully about  
conceptualisation,  
representation and enactment

# Read Online Architectures For Intelligence The 22nd

of the different types of  
knowledge that its agents  
rely on, for individual  
problem solving as well as  
for mutual coordination.

From cloud computing to data  
analytics, society stores
