A mother and child share so much together - countless milestones, simple joys, unexpected challenges, and all the little surprising moments in between. This five-year journal will help you capture it all - simply turn to today's date and take a few moments to answer the question at the top of the page. As the journal fills, it will become a loving record and cherished family keepsake.

New Scientist magazine was launched in 1956 "for all those men and women who are interested in scientific discovery, and in its industrial, commercial and social consequences". The brand's mission is no different today - for its consumers, New Scientist reports, explores and interprets the results of human endeavour set in the context of society and culture.

Established in 1911, The Rotarian is the official magazine of Rotary International and is circulated worldwide. Each issue contains feature articles, columns, and departments about, or of interest to, Rotarians. Seventeen Nobel Prize winners and 19 Pulitzer Prize winners - from Mahatma Gandhi to Kurt Vonnegut Jr. - have written for the magazine.

"If you're into mystery thrillers, then you're into Karin Slaughter." -THESKIMM He watches. He waits. He takes. Who will be next . . . THE SILENT WIFE Investigating the killing of a prisoner during a riot inside a state penitentiary, GBI investigator Will Trent is confronted with disturbing information. One of the inmates claims that he is innocent of a brutal attack for which he has always been the prime suspect. The man insists that he was framed by a corrupt law enforcement team led by Jeffrey Tolliver and that the real culprit is still out there—a serial killer who has systematically been preying on women across the state for years. If Will reopens the investigation and implicates the dead police officer with a hero's reputation of wrongdoing, the opportunistic convict is willing to provide the information GBI needs about the riot murder. Only days ago, another young woman was viciously murdered in a state park in northern Georgia. Is it a fluke, or could there be a serial killer on the loose? As Will Trent digs into both crimes it becomes clear that he must solve the cold case in order to find the answer. Yet nearly a decade has passed—time for memories to fade, witnesses to vanish, evidence to disappear, and lies to become truth. But Will can't crack either mystery without the help of the one person he doesn't want involved: his girlfriend and Jeffrey Tolliver's widow, medical examiner Sara Linton. When the past and present begin to collide, Will realizes that everything he values is at stake . . .
