Many Balinese believe COVID-19 cannot be fought with health measures alone, and requires ritual offerings and prayer. But collective ritual places people at more risk.

"The best book on Bali for the serious visitor...Has the freshness of personal experience."—Dr. Hildred Geertz, author of Kinship in Bali and Professor of Anthropology at Princeton University In Bali, what you see—sekala—is a colorful world of ceremony, ritual, dance, and drama. What you don't see what is occul—niskala—is the doctrine underlying the pageants, the code underlying the rites, and the magic underlying the dance. In this book, author Fred Eiseman explores both tangibles and intangibles in the realm of Balinese religion, ritual, and performing arts. The essays collected here topics ranging from Hindu mythology to modern gamelan music. Eiseman's approach is that of a dedicated reporter in love with his subject—he has the knowledge and patience to explain the near-infinite permutations of the Balinese calendar, and yet he is still moved by the majesty of the great Eka Dasa Rudra ceremony. The author's 28 years experience on the island shows, and this book rewards close reading—even by the most seasoned students of Balinese culture.

With the rising number of tourists visiting Bali every year there is a growing desire by travellers to know more about the country they are visiting.

Wayang kulit, or shadow puppetry, connects a mythic past to the present through public ritual performance and is one of most important performance traditions in Bali. The dalang, or puppeteer, is revered in Balinese society as a teacher and spiritual leader. Recently, women have begun to study and perform in this traditionally male role, an innovation that has triggered resistance and controversy. In Women in the Shadows, Jennifer Goodlander draws on her own experience training as a dalang as well as interviews with early women dalang and leading artists to upend the usual assessments of such gender role shifts. She argues that rather than assuming that women performers are necessarily mounting a challenge to tradition, "tradition" in Bali must be understood as a system of power that is inextricably linked to gender hierarchy. She examines the very idea of "tradition" and how it forms both an ideological and social foundation in Balinese culture. Ultimately, Goodlander offers a richer, more complicated understanding of both tradition and gender in Balinese society. Following in the footsteps of other eminent reflexive ethnographies, Women in the Shadows will be of value to anyone interested in performance studies, Southeast Asian culture, or ethnographic methods.

This memoir of a family torn apart by an unthinkable betrayal lays bare an astonishing truth at the heart of an island the world cherishes as "The Last Paradise." When a young American traveler falls in love with and marries a beautiful Balinese girl, all the promise of "The Morning of the World" seems to await. But twenty years later and far too late, he discovers the awful purpose behind the elaborate Hindu ceremonies arranged by his wife at the birth of their children. While he struggles to make sense of the destruction of his family, Balinese friends warn of long-term plans, of black magic, of fraudulent documents, false Hindu ceremonies, collusion by members of the Bali community, the courts, the police, public prosecutors-even his own attorneys-in a combination known in Indonesia as a "Law Mafia." A few close Balinese friends stand with him, helping guide him through the sekala and niskala-the Balinese visible and invisible worlds-but stakes and tensions continue to rise until he faces a possibly fatal decision: dare he fight for his and his children's identities, or must he accept his friends' increasingly urgent advice to flee with his children ahead of plans for murder? The cases behind this book remain unresolved and at the center of ongoing struggles between forces of reform in Indonesia's capital of Jakarta, and the tightly-closed legal and social systems, both native and expatriate, of Bali. A website, uluwatu.com, forms an integral companion to the book. Whether read as a thriller or as a window into the fascinating and complex cultures of Indonesia, the tragedy and hope at the heart of this story propel a gripping read.

Bali has long been known for its deep spirituality and extraordinary artistic heritage. The dances, dramas, puppetry and music of Bali are more than icons for the island; they are part and parcel of life—as expressions of devotion to the gods, as entertainment, and as a way of instilling cultural values on each generation. Balinese Dance, Drama & Music is a lavishly illustrated introduction to Bali's celebrated temple orchestra, the gamelan, to its ancient shadow puppet theater, and to a myriad of traditional and contemporary dances and dance-dramas that continue to enthral locals and visitors alike. Ideal reading for visitors to the island as well as for anyone interested in Balinese culture, the book presents the history and function of each performance genre, with illustrations and photographs to aid in identification. Introductory sections discuss the way performing arts are learned in Bali and the basic Balinese values which are passed on in these forms, as well as some of the basic religious and cultural tenets that are expressed in the arts and the functions of the forms themselves. Different sections describe particular forms of performing arts, such as Gong Angklung, Legong, the Keraton dance, Wayang Kulit, and the new phenomenon of women's gamelan groups, the evolution of each and the place it has in the culture of Bali. The book is enhanced with a bibliography and discography and over 150 specially prepared watercolors of Balinese performers and performances.

This book is a collection of the author's articles published in magazines 'Ubud Community' and 'Sanur Community' (Bali Island, Indonesia) during 2010-2012. Teaching Self-Being Strategy and consulting in many spiritual practices, Alma Ananda still gives attention to Balinese multicultural environment. As the summary of her personal experiences, the book can be interesting to broad auditorium, since it is written by the expert with Western academic background who spent 10 years in Eastern countries.
