of matter that has a fixed shape and a fixed volume be... the change from a solid to a liquid.

Bc Science 7 Chapter 5 -
store.fpftech.com

Evolution is the change that occurs in living things over long periods of time. This change is a result of organisms being suited to their environment. Evolution is an important concept in biological science, as scientists are always searching for the underlying laws, reasons, or explanations for their observations of living things.
