Enriched chapter reviews — Countering the trend to make textbooks lighter by reducing the learning tools available to students at the ends of chapters, the authors have made the chapter reviews in Biology, Sixth Edition more robust and effective than ever. In addition to the excellent chapter summaries and thoughtful multiple choice questions of earlier editions, the chapter reviews now include short-answer questions and several categories of questions designed to catalyze student inquiry.

Barron's is usually a standard and reputable test prep book, so I was surprised at the horrible quality of these prep questions. I suggest buying the Preparing for the Biology AP* Exam (School Edition) (Pearson Education Test Prep) book instead, where the questions and content accurately reflect what is found on the recent AP Biology exams.
