Thousands of years ago, people first observed a correlation between the heavenly bodies and events on Earth. Out of these early observations and subsequent refinements came what today is known as astrology. For most of these millennia, astrologers used only the seven visible planets: Sun, Moon, Mercury, Venus, Mars, Jupiter and Saturn. It is out of this tradition that Helena Avelar and Luis Ribeiro have written this extensive book on astrology. The rules and principles here presented apply to all branches of astrology^{3/4}natal, mundane, horary and elective. Their method is the traditional and time-honored one, and includes, among others, chapters on: The Planets The Zodiac and the Signs The Essential Dignities The Houses The Aspects Chart Dynamics The Condition of the Planets The Fixed Stars The Parts The Power of the Planets Using this traditional method, it is possible not only to thoroughly and completely read the natal chart but to do so with a breadth and depth of meaning not found in the modern methods of astrological interpretation. It avoids cookbook-type methods and centers on the practical understanding of the astrological concepts, presenting the Tradition in present-day language. In addition, more than two hundred fifty illustrations make the traditional principles easy to understand and use in chart interpretation. This practical how-to book is one of a kind, and the one that will teach you the traditional methods and you reach into the past to benefit from the knowledge of the authors and astrologers from ancient Babylonia through the medieval period. It is suitable for both beginners and advanced students, as it provides the indispensable core of astrological knowledge, at the same time allowing more experienced students to organize their knowledge into a coherent syste

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

poisons him over dinner. Now it turns out that numerous people with secrets to hide had every reason to wish him dead. But which of them murdered him? For Freddy Pilkington-Soames, newspaper reporter and man-about-town, the question hits a little too close to home, thanks to an unfortunate drunken encounter with Ticky's corpse which he'd much rather the police didn't find out about—and thanks also to his exasperating mother Cynthia's seeming determination to get herself arrested by tampering with the evidence. But a pretty girl with big blue eyes is demanding his help in solving the mystery, so what can he do but agree? Now all he has to do is hide the wrong clues, find the right ones, and unmask the murderer before the police discover what's really been going on. That ought to be easy enough. If only people didn't keep getting killed...

A gripping thriller debut, set deep in the heart of the world's most powerful political arena A year ago, fresh out of Harvard Law School, Mike Ford landed his dream job at the Davies Group, Washington's most powerful consulting firm. Now, he's staring down the barrel of a gun, pursued by two of the world's most dangerous men. To get out, he'll have to do all the things he thought he'd never do again: lie, cheat, steal—and this time, maybe even kill. Mike grew up in a world of small-stakes con men, learning lessons at his father's knee. His hard-won success in college and law school was his ticket out. As the Davies Group's rising star, he rubs shoulders with "The 500," the elite men and women who really run Washington -- and the world. But peddling influence, he soon learns, is familiar work: even with a pedigree, a con is still a con. Combining the best elements of political intrigue and heart-stopping action, THE 500 is an explosive debut, one that calls to mind classic thrillers like The Firm and Presumed Innocent. In Mike Ford, readers will discover a new hero who learns that the higher the climb, the harder -- and deadlier -- the fall.

On his return from South Africa, Charles Knox is invited to spend the weekend at the country home of Sir Neville Strickland, whose beautiful wife Rosamund was once Knox's fiancée. But in the dead of night Sir Neville is murdered. Who did it? As suspicion falls on each of the house guests in turn, Knox finds himself faced with deception and betrayal on all sides, and only the enigmatic Angela Marchmont seems to offer a solution to the mystery. This 1920s whodunit will delight all fans of traditional country house murder stories.

‘ I knew in the first couple of pages that this story was going to make me cry and I was right... So emotional... I was left speechless. I absolutely loved every minute... One of the best historical fictions I ’ ve read. ’ Goodreads Reviewer, Italy, 1944: Stella stared at the envelope addressed to her, dated from the day of his death. With a trembling hand she opened it, tears rolling down her cheeks. She read the letter that should have made it to her years ago – the letter that had been ruthlessly stolen from her. It held his last words, and it changed everything. 1938: When Stella arrives in Italy, it ’ s love at first sight. She is wowed by the rolling hills dotted with olive trees, the buttermilk villas with shuttered windows and terracotta roofs that glow gloriously in the sunlight. Even the breeze holds the scent of freedom – freedom from England, where the shadow of her past haunted her. Then there is Ted, an American journalist who is wild and mischievous, with an arrogance bordering on rude. Stella is infuriated by him – yet she cannot deny the lure of the danger and excitement he promises. But there is something dark under the bright surface of this beautiful country, with unspeakable tragedies just around the corner. When the Nazis take control of Italy, Stella and Ted – and whatever dreams the future held for them – are ripped apart. Ted is torn away, to report from the perilous frontline. Meanwhile, Stella is paralysed with fear as screeching bombs descend, destroying everything in their wake. There is nothing left to do but sit in darkness, praying to see tomorrow. And it seems that even in Italy, Stella ’ s past has found her. Somewhere in the winding streets of Florence there is a letter that will change the course of her fate. Unknown to her, it holds a secret with the power to rewrite her past, and everything she has been running away from. But will it come too late? And with the odds stacked against her, will she ever see Ted again? This totally gripping and heartbreaking tale is about the impossible tragedies of war and the miraculous possibilities of love. Atkins writes with clear-eyed sensitivity, and although I longed to hear Nona's voice, its absence is deliberate and effective. Nona & Me is poignant young-adult fiction invoking the complex and often overlooked realities of remote indigenous life.' —Sydney Morning Herald ' [Clare Atkins] wrestles with some of this country's most hotly debated political issues with a rare lightness of touch.
