The #1 Canadian and only 100% Canadian-authored Organizational Behaviour text has been thoroughly updated and finely tuned to reflect the continuous changes Canadian organizations face in today's business world. There's a revolution going on in the workplace. Knowledge is replacing infrastructure. Self-leadership is replacing direct supervision. Networks are replacing hierarchies. Virtual teams are replacing committees. Companies are looking for employees with emotional intelligence, not just technical smarts. Globalization has become the mantra of corporate survival. Co-workers aren't just down the hall; they're at the other end of an Internet connection. Canadian Organizational Behaviour (COB) is written with this revolution in mind

Unlike any other OB textbook in the market, Neubert, Dyck, Medcof and Waller ' s, Organizational Behaviour empowers students to look at OB through two lenses: the traditional, core concepts that focus on how to make a company profitable, and the sustainable, collaborative, creative, and ethical decision making lens that students and many employers of today are looking for in business. By inviting students to compare and contrast short-term profitability and long-term sustainability, Organizational Behaviour helps students build the critical thinking skills needed to positively affect organizations, people, and communities.
