Now available in a convenient and affordable (\$30) electronic format, the NEW second edition of *Casing Interpersonal Communication* expands on traditional interpersonal communication textbooks by immersing students in real life situations. Easily adaptable to any existing interpersonal communication textbook, *Casing Interpersonal Communication*:

The many narrative cases in this book offer dramatic, real-life snapshots of interpersonal theory in action. Written by established communication scholars and reflecting carefully conducted research, each case helps you apply abstract principles to specific situations, people, and relationships. As you read these cases, you'll also learn to appreciate how multiple communication dynamics work together to shape what happens in human interactions - for example, how a case focusing on self-disclosure also gives you insights into such issues as timing, context, and style of communication. And as you identify patterns revealed in the cases, you'll develop the ability to detect these patterns in your own interactions and ultimately make more informed choices about which patterns to foster and avoid in your interpersonal relationships.

This casebook/workbook offers students, faculty, and health care providers the opportunity to explore and critique a 45 communication case scenarios and then rewrite each interaction striving for more effective communication behavior, designed to enhance the interpersonal relationship of the interactants.

The second edition of this book again uses original case studies as a means to bring home to students, through lived experiences, the theories and concepts of interpersonal communication. Each piece takes an arts-based approach--spanning essays, short stories, scripts, photographs, poetry-- and has been newly written for this edition by communication researchers, writers, and artists. The case studies focus on the aesthetic dimensions of relating to illustrate to students the workings of relationship management with regards to friendship, race, class, gender, family interaction, sexuality, and other key topics in relational communication. The case studies are framed from a critical interpersonal perspective to encourage students to consider how power and cultural discourses about relationships influence their relating. Faulkner's introduction to each section provides important pedagogical content to give context and meaning to the cases that follow. Each case closes with questions for discussion, activities, and additional resources to help students analyze the material. The book is suited as core or supplemental
