Dracula PublisherCRL Group DesignerRod Pike, Ian Ellery PlatformAmstrad CPC, Commodore 64, ZX Spectrum Release1986 GenreText adventure ModeSingle-player Dracula is a text adventure game by CRL released in 1986 for the Commodore 64, Amstrad CPC and ZX Spectrum home computers. The game is based on the novel Dracula by Bram Stoker. It was the first video game to be rated by the BBFC. The game received a 15 certifiacte.

Tal tries to steal a sunstone, but during his act of thievery is thrown off the Castle of Seven Towers by a powerful Spiritshadow Keeper. He falls down to the iceworld below, where he is captured by Iccarlis. To save his life, he must team up with Mills - a Shield-Maiden in training - and offer his aid to the nomads.

Analyzes the Salem Witch Trials to offer key insights into the role of women in its events while explaining how its tragedies became possible.

It portrays the existential struggles and downfall of an entire people, the Burgundians, in a military conflict with the Huns and their king. "--Jacket.

A critical approach to interactive fiction, as literature and game. Interactive fiction—the best-known form of which is the text game or text adventure—has not received as much critical attention as have such other forms of electronic literature as hypertext fiction and the conversational programs known as chatterbots. Twisty Little Passages (the title refers to a maze in Adventure, the first interactive fiction) is the first book-length consideration of this form, examining it from gaming and literary perspectives. Nick Montfort, an interactive fiction author himself, offers both aficionadas and first-time users a way to approach interactive fiction that will lead to a more pleasurable and meaningful experience of it. Twisty Little Passages looks at interactive fiction beginning with its most important literary ancestor, the riddle. Montfort then discusses Adventure and its precursors (including the I Ching and Dungeons and Dragons), and follows this with an examination of mainframe text games developed in response, focusing on the most influential work of that era, Zork. He then considers the introduction of commercial interactive fiction for home computers, particularly that produced by Infocom. Commercial works inspired an independent reaction, and Montfort describes the emergence of independent creators and the development of an online interactive fiction community in the 1990s. Finally, he considers the influence of interactive fiction on other literary and gaming forms. With Twisty Little Passages, Nick Montfort places interactive fiction in its computational and literary contexts, opening up this still-developing form to new consideration.

Thirty-five years in the making, and destined to be the last word in fanta-film references! This incredible 1,017-page resource provides vital credits on over 9,000 films (1896-1999) of horror, fantasy, mystery, science fiction, heavy melodrama, and film noir. Comprehensive cast lists include: directors, writers, cinematographers, and composers. Also includes plot synopses, critiques, re-title/translation information, running times, photographs, and several cross-referenced indexes (by artist, year, song, etc.). Paperback.

Now an old man, John is haunted by memories of enlisting to fight in World War II, a decision which forced him to face the horrors of war and changed his life forever.

In Hamilton and Philosophy, professional thinkers expose, examine, and ponder the deep and controversial implications of this runaway hit Broadway musical. One cluster of questions relates to the matter of historical accuracy in relation to entertainment. To what extant is Hamilton genuine history, or is it more a reflection of America today than in the eighteenth century? What happens when history becomes dramatic art, and is some falsification of history unavoidable? One point of view is that the real Alexander Hamilton was an outsider, and any objective approach to Hamilton has to be that of an outsider. Politics always involves a debate over who is on the margins and who is allowed into the center. Then there is the question of emphasizing Hamilton 's revolutionary aspect, when he was autocratic and not truly democratic. But this can be defended as presenting a contradictory personality in a unique historical moment. Hamilton 's character is also one that blends ambition, thirst for fame, and concern for his immortal legacy, with inability to see his own limitations, yet combined with devotion to honor and the cultivation of virtue. Hamilton 's evident ambition led him to be likened to Macbeth and Shakespearean tragedy can explain much of his life.
