Care Provider Administrative Guides and Manuals ...

CMS specifies contact information for staff, physicians, other hospitals and entities providing services, and volunteers as a mandatory part of the communication plan, as well as contact information for federal, state, tribal, regional, and local emergency management agencies. This may seem obvious, but keep in mind that this information, in order to be useful, must be always up-to-date, and must be accessible to every constituent organization that is involved in an emergency response across ...
