Live boldly and act on your most powerful beliefs with this life-changing guide to faith, positive thinking, and spiritual fulfillment. Pastor Joel Osteen asks everyone to examine what he or she really believes. Why is this important? Because we will become what we believe. Our beliefs will prove either a barrier or vehicle as we strive to go higher, rise above our obstacles, and to live in health, abundance, and victory. In Your Best Life Now, Osteen says, "I am what I am today because of what I believed about myself yesterday. And I will be tomorrow what I'm believing about myself right now. God sees us as more than conquerors, able to fulfill our destiny. We need to see ourselves through the eyes of our Creator." He says that our self-image should mirror exactly what God says about us, not what we feel or think. And he encourages readers to be people of faith, for if you can see the invisible, God will do the impossible.

You only have one life. Isn't yours worth living to the fullest? Wellness is more than eating right and exercising (which are equally important). It's taking care of both your mind and body, prioritizing your self-care and personal development and showing up every day. Self-care is not simply indulging in spa appointments, nights out, or coffee dates. Self-care is having the discipline to prioritize your physical and mental health and wellness. Utilizing this journal is the first step. The Life Well Designed Journal encourages you to dream big, find your WHY, define your goals and affirmations, and prioritize a healthy lifestyle where you are excited to wake up each morning! The first section of the journal includes instructions and worksheets to help you find your Why, write affirmations and goals, track self-care activities, and books to read. The journal includes 90 repeating pages of daily prompts to track your affirmations, meditation, reading, self-care, goals, healthy eating, water consumption, exercise, gratitude, and extra space for your thoughts. Use the journal to help you create a daily routine that includes time for your self-care and personal development and hold yourself accountable by tracking it in the journal. With consistent use, you will likely see positive changes in your mindset and experience increased feelings of happiness, health, gratitude, and fulfillment.
