This chapter, which introduces some of the complex interrelationships surrounding the various ways that crime is constructed and objectified, shows that, in practice and in the literature, there is much disagreement over the exact definition of a crime. It discusses four frameworks in which to make sense of how crime is defined: (a) crime as a social construction; (b) crime as a product of ...

Criminological Theory: The Essentials, Third Edition offers you a brief yet comprehensive overview of classic and

Download Free Criminology Problems And Perspectives 3rd Edition

contemporary criminologists and their theories. Putting criminological theory in context, acclaimed author Stephen G. Tibbetts examines policy implications brought about by theoretical perspectives to demonstrate to you the practical application of theories to contemporary social problems. New to the Third Edition: A new chapter dedicated entirely to feminist perspectives (Chapter 10) introduces you to feminist models of crime while underscoring the importance of examining the related research. Case studies that examine offender motives are now included to help you apply the theories discussed to interesting and memorable examples. Policy is now integrated into each section to allow you to see the practical policy implications of each theory. Coverage of critical topics has been expanded throughout to introduce you

to important issues, such as the influence of employment on criminal behavior, the success of school programs in reducing delinquent behavior, and federal sentencing guidelines in regard to crack versus powder cocaine. Statistics, graphs, and tables have all been updated to demonstrate the most recent trends in criminology.

Crime Prevention: Principles, Perspectives and Practices is a concise, comprehensive introduction to the theory and practice of crime prevention. The authors contend that crime prevention strategies should include both social prevention and environmental prevention. It embraces these strategies as an alternative to policing, criminal justice and 'law and order'. Part 1 presents an overview of the history and theory

Download Free Criminology Problems And Perspectives 3rd Edition

of crime prevention, featuring chapters on social prevention, environmental prevention and evaluation. Part 2 explores the practice of crime prevention and the real life challenges of implementation, including policy making, prevention in public places, dealing with social disorder and planning for the future. Crime Prevention provides readers with an understanding of the political dimension of crime prevention and the ability to critically analyse prevention techniques. It is essential reading for undergraduate students of criminology, crime prevention and public policy.

As an instructor teaching white collar crime, are you frustrated by texts which leave your students feeling outraged but helpless about the subject? Assigning this new text by Mike

Download Free Criminology Problems And Perspectives 3rd Edition

Benson and Sally Simpson can successfully address that problem, because it explains to students why white-collar crime is so prevalent and so difficult to control. Using this text, instructors can show students how these crimes are carried out in ways that make them difficult to discover. Instructors can also show how opportunities for white-collar crimes could be reduced if we were to approach the problem from the perspective of situational crime prevention. The authors address the difficulty of controlling white-collar crime in detail, and speculate on the future of white-collar crime in the rapidly globalizing world of trans-national corporations.

Completely updated and revised throughout, and featuring a new full-color design, this book provides a sociological perspective on crime and criminal justice by treating social structure and social inequality as central themes in the study of crime and major factors in society's treatment of criminals. It gives explicit attention to key sociological concepts such as poverty, gender, race, and ethnicity, and demonstrates their influence on crime. Covers hot topics such as the death penalty, terrorism, evolutionary biology, stalking, identity theft, computer crime, white collar crime and more. Also features unique coverage of topics not found in other introductory criminology books--including "Public Opinion, the News Media and the Crime Problem," "Political Crime," and "How Can We Reduce Crime?" For those with current or future
