In this book Dag Heward-Mills unveils the certain characters that you deal with in your ministry and who you should watch out for. You'll get to deal with doubtful men whose loyalty comes into question from time to time, dangerous sons who can turn on you like wild tigers, bad advisors who will not protect and help you and painfully disloyal people. Scoffers and mockers will always be part of the world we live in and they don't think much of you and actually despise you. This is a spirit that tries to shut up and intimidate you. Like in any other work environment, there is always a person that you should watch out for and that is why you should be able to recognize these certain traits that are taught in this book. The author also tells the reader to be grateful. This world has six billion ungrateful people! This is what creates the discontentment, conflict and wars. There are people we must be grateful to, says Dag Heward-Mills in the conclusion of this book.
