Deconstructing the High Line: Postindustrial Urbanism and ...
Critically analyzing the history and design of the High Line - as well as spin-off projects such as the QueensWay and the Lowline - this talk presents ideas developed in the forthcoming book Deconstructing the High Line: Postindustrial Urbanism and the Rise of the Elevated Park. In particular, the talk examines the ways in which the park's uncanny revivification of urban-industrial ruins constitutes an experiment in slow practice aimed at countering, while simultaneously contributing to, the ...
