the Practice Your Skills exercises, these worksheets allow students to practice and reinforce the important procedures and skills developed in the lessons. Some of these problems provide non-contextual skills practice. Others give students an opportunity to apply skills

~~More Practice Your Skills with Answers~~

In Discovering Geometry we develop reasoning skills in four general ways: 1. First, when students perform investigations and make conjectures in the form of formulas (e.g., a formula for the number of diagonals of an n -gon or a formula for the sum of the measures of the interior angles of an n -gon) students must use inductive reasoning while doing geometry.
