This practical book contains over 100 different speaking exercises, including interviews, guessing games, problem solving, role play and story telling with accompanying photocopiable worksheets.

Teachers across the country are seeking ways to make their multicultural classrooms come alive with student talk about content. Content-Area Conversations: How to Plan Discussion-Based Lessons for Diverse Language Learners is a practical, hands-on guide to creating and managing environments that spur sophisticated levels of student communication, both oral and written. Paying special attention to the needs of English language learners, the authors "Detail research-based steps for designing lessons that spark student talk; "Share real-life classroom scenarios and dialogues that bring theory to life; "Describe easy-to-use assessments for all grade levels; "Provide rubrics, worksheets, sentence frames, and other imaginative tools that encourage academic communication; and "Offer guiding questions to help teachers plan instruction. Teachers at any grade level, in any content area, will find a wide variety of strategies in this book to help students simultaneously learn English and learn in English. Drawing both on decades of research data and on the authors' real-life experiences as teachers of English language learners, this book is replete with ideas for fostering real academic discourse in your classroom.

Since its original publication in 1968, Rivers's comprehensive and practical text has become a standard reference for both student teachers and veteran instructors. All who wish to draw from the most recent thinking in the field will welcome this new edition. Methodology is appraised, followed up by discussions on such matters as keeping students of differing abilities active, evaluating textbooks, using language labs creatively, and preparing effective exercises and drills. The author ends each chapter of this new edition with questions for research and discussion—a useful classroom tool—and provides an up-to-date bibliography that facilitates further understanding of such matters as the bilingual classroom.
