Best Electronic Music 2019 - YouTube

Electronic music is music that employs electronic musical instruments, digital instruments and circuitry-based music technology. A distinction can be made between sound produced using electromechanical means (electroacoustic music) and that produced using electronics only. Electromechanical instruments have mechanical elements, such as strings, hammers and electric elements, such as magnetic ...

BA(Hons) Electronic Music Production - course specification

An electronic musical instrument is a musical instrument that produces sound using electronic circuitry. Such an instrument sounds by outputting an electrical, electronic or digital audio signal that ultimately is plugged into a power amplifier which drives a loudspeaker, creating the sound heard by the performer and listener.. An electronic instrument might include a user interface for ...
