Examples of phrasal verb - Cambridge Dictionary | English ...

In English traditional grammar, a phrasal verb is the combination of two or three words from different grammatical categories — a verb and a particle, such as an adverb or a preposition — to form a single semantic unit on a lexical or syntactic level. Examples: turn down, run into, sit up. There are tens of thousands of them, and they are in everyday, constant use. These semantic units cannot be understood based upon the meanings of the individual parts alone, but must be taken as a ...

Phrasal verb - Wikipedia

The central issue of the present article is the analysis of phrasal verbs (hereafter termed multiword verbs [MWVs]) from the perspective of construction grammars (Goldberg, 1995; Sattle and Goldberg, 2011). As is well known, English MWVs present special challenges to L2 learners due, among other things, to the shapelessness of their conceptual components and the ensuing impossibility to arrive ...
