You are what you own. So believed many of the elite men and women of Renaissance Italy. The notion that a person's belongings transmit something about their personal history, status, and character was renewed in the fifteenth and early sixteenth centuries. *Objects of Virtue* explores the multiple meanings and values of the objects with which families like the Medici, Este, and Gonzaga surrounded themselves. This lavishly illustrated volume examines the complicated relationships between the so-called fine arts--painting and sculpture--and artifacts of other kinds for which artistry might be as important as utility--furniture, jewelry, and vessels made of gold, silver, and bronze, precious and semi-precious stone, glass, and ceramic. The works discussed were designed and made by artists as famous as Andrea Mantegna, Raphael, and Michelangelo, as well as by lesser-known specialists--goldsmiths, gem-engravers, glassmakers, and maiolica painters.

"Response in the Living and Non-Living" by Jagadis Chandra Bose. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten--or yet undiscovered gems--of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

This collection of essays illuminates Herodotus and the world in which he wrote.

In both *Bellum Judaicum* and the *Vita*, an appendix to *Antiquitates Judaicae*, Josephus deals with his own role in the war. Although both works have apologetic aims, Josephus changes his story from one work to the next. By viewing these two works in the greater context of Josephus's life and not in isolation from each other, Cohen traces Josephus's development as a historian, as an apologist, and as a Jew. --from publisher description

Any state exists only for the benefit of human beings. This basic tenet of Edith Stein's political thought rests on her conviction that humanity is fundamentally one community, precious beyond measure. Differences of race, culture, and

language offer us means to grasp the values of life uniquely so that we may share them universally, reaching across all such social boundaries. Stein wrote this treatise in the early days of the Weimar Republic, shortly after the First World War. It sets forth a philosophy of law, government, and administration that is at once idealistic and practical. What is right, Stein argues, does not arise from legislation or litigation or politics. Right relations, as such, are more basic than any institution. Here, too, are Stein's first serious discussions of religious issues such as guilt, expiation, and freedom of conscience. This is the philosophical work that immediately preceded her decision to be baptized, on January 1, 1922. Whether ironically or predictably, Stein was put to death twenty years later by a state that brazenly defied nearly every principle that she had defended in this treatise. In death she bore personal witness to the unity and dignity of the human race. She perished with her people, Jews and Christians alike, at Auschwitz. This ebook contains a fully linked Index.
