Everything Forbidden was such a satisfying read. The wonderful characters, the steamy love scenes and the engaging plot lines drew me right in. My only caveat was that I had yearned for an epilogue at the end to know more about where these characters were headed. I will be reading many more of Jess's book in the future!

For young people in Iran, it can seem that everything is forbidden. Even wearing ties or owning a dog risks the wrath of the "Gasht e Ershad" - the virtue police. But after 40 years of theocracy, Iranians have learned to create their own safe havens. Specialists in resourcefulness, they skirt, arrange, transgress.

For summers Miranda Albright has watched—aghast, yet shamefully titillated—as her wicked neighbor Ethan Hamon, the notorious Earl of Rothschild, "entertained" a succession of lovers on the grounds of his estate. Now that her father has passed on, leaving behind a mountain of debt, Miranda must do the unthinkable. For Ethan has promised to sponsor her younger sisters, financially and socially, at a scandalously dear price: Miranda must offer herself to him completely for three full months, with no remorse and no restraints. Ninety days and nights of unbridled sensuality await her in the arms of a rogue who views her submission as no more than a grand erotic game. But neither Miranda nor Ethan realize that fire blazes behind her innocent blush. And once her passion is unleashed by his lips and his touch, it is the student who will school the teacher in the ways of forbidden pleasure . . . and love.

Includes a Reading Group Guide and Author Q&A From her first humanitarian visit to Afghanistan in 1994, Suraya Sadeed has been personally delivering relief and hope to Afghan orphans and refugees, to women and girls in inhuman situations deemed too dangerous for other aid workers or for journalists. Her memoir of these missions, *Forbidden Lessons in a Kabul Guesthouse*, is as unconventional as the woman who has lived it. This is no humanitarian missive; it is an adventure story with heart. To help the Afghan people, Suraya has flown in a helicopter piloted by a man who was stoned beyond reason. She has traveled through mountain passes on horseback alongside mules, teenage militiamen, and Afghan leaders. She has stared defiantly into the eyes of members of the Taliban and of the Mujahideen who were determined to slow or stop her. She has hidden and carried \$100,000 in aid, strapped to her stomach, into ruined villages. She has built clinics. She has created secret schools for Afghan girls. She has dedicated the second half of her life to the education and welfare of Afghan women and children, founding the organization Help the Afghan Children (HTAC) to fund her efforts. Suraya was born the daughter of the governor of Kabul amid grand walls, beautiful gardens, and peace. In the aftermath of the Soviet invasion of Afghanistan in 1979, she fled to the United States with her husband, their young daughter, their I-94 papers, and little else. In America, she became the workaholic owner of a prosperous real estate company, enjoying all the worldly comforts anyone could want, but when a personal tragedy struck in the early 1990s, Suraya seriously questioned how she was living and soon sharply changed the direction of her life. Now, in *Forbidden Lessons in a Kabul Guesthouse*, she shares her story of passion, courage, and love, painting a complex portrait of Afghanistan, its people, and its foreign visitors that defies every stereotype and invites us all to contribute to the lives of others and to hope.

A "close-up look at the cloistered country" (USA Today), *See You Again in Pyongyang* is American writer Travis Jeppesen's "probing" and "artful" (New York Times Book Review) chronicle of his travels in North Korea--an eye-opening portrait that goes behind the headlines about Trump and Kim, revealing North Koreans' "entrepreneurial spirit, and hidden love of foreign media, as well as their dreams and fears" (Los Angeles Times). In *See You Again in Pyongyang*, Travis Jeppesen culls from his experiences traveling and studying in North Korea to create a multifaceted portrait of the country and its idiosyncratic capital city. Jeppesen challenges the notion that Pyongyang is merely a "showcase capital" where everything is staged for the benefit of foreigners, as well as the idea that Pyongyangites are brainwashed robots. Jeppesen introduces readers to an array of fascinating North Koreans, from government ministers with a side hustle in black market Western products to young people enamored with American pop culture. Revealing a complex society, rife with contradictions, *See You Again in Pyongyang* is an essential addition to the literature about one of the world's most fascinating places.

A PBS Great American Read Top 100 Pick With extraordinary relevance and renewed popularity, George Orwell's 1984 takes on new life in this edition. "Orwell saw, to his credit, that the act of falsifying reality is only secondarily a way of changing perceptions. It is, above all, a way of asserting power."—The New Yorker In 1984, London is a grim city in the totalitarian state of Oceania where Big Brother is always watching you and the Thought Police can practically read your mind. Winston Smith is a man in grave danger for the simple reason that his memory still functions. Drawn into a forbidden

love affair, Winston finds the courage to join a secret revolutionary organization called The Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be. Lionel Trilling said of Orwell's masterpiece, "1984 is a profound, terrifying, and wholly fascinating book. It is a fantasy of the political future, and like any such fantasy, serves its author as a magnifying device for an examination of the present." Though the year 1984 now exists in the past, Orwell's novel remains an urgent call for the individual willing to speak truth to power.

When all that you want, is all that's forbidden... I've known him my entire life. Before marriage. Before fatherhood. Before betrayal. Now, he's one of rock's bad-boys trying to be good. Trying to be the best father he can for his daughter. He's my brother's best friend. He's my boss. He has a wife. Max isn't mine to have, but I want him all the same. And I haven't survived all that I have to not go after what I want. Her story is a tragedy, mine's a publicity disaster. Just when I needed her most, she walked back into my life, and the timing couldn't be worse. With a newborn baby, a divorce, an album to record, and a world tour to plan, I don't need the distraction. She's off limits. She's my best friend's little sister. She's my nanny. Billie's a golden drop of sexy sun on a grey autumn day, tempting me into the light and a life full of possibilities. A life not meant for us.

In a future world, only one man dares to think, strive, and love as an individual in the midst of a paralyzing collective humanity.
