GRADES 3–6: With age-appropriate activities, this beginning social studies workbook helps children build knowledge and skills for a solid foundation in map skills and geography. INCLUDES: This elementary workbook features easy-to-follow instructions and practice on key topics such as US geography, grid maps, US regions, global geography, North and South American geography, and more! ENGAGING: This geography and map workbook features colorful photographs and illustrations with fun, focused activities to entertain children while they grasp concepts and skills for success. HOMESCHOOL FRIENDLY: This elementary workbook for kids is a great learning resource for at home or in the classroom and allows parents to supplement their children's learning in the areas they need it most. WHY CARSON DELLOSA: Founded by two teachers more than 40 years ago, Carson Dellosa believes that education is everywhere and is passionate about making products that inspire life's learning moments.

Grossman's rich, detailed analysis of black migration to Chicago during World War I and its aftermath brilliantly captures the cultural meaning of the movement.

Supplement your social studies curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on North American regions, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital materials.

Winding through purple mountains majesties and amber waves of grain, the standards-based Spectrum Geography: World for grade 6 guides your child's understanding of ecosystems, world religions, current events, human migration, and more using colorful illustrations and informational text. Spectrum Geography is an engaging geography resource that goes beyond land formations and maps—it opens up children's perspectives through local, national, and global adventures without leaving their seats.
