managing his firm, a successful California defense contractor, have gotten to him. So screw it, he will give all the business crap to his wife and devote himself to fulfilling a lifelong yearning: to be the kinky, cuckolded, domestic slave of a sexy, beautiful, dominant woman ? but one who loves him and doesn't charge him by the hour. In this plan, she will run the business while he lounges around at home, stoned, and rearranges her lingerie drawers. Nope. No way! June has plans of her own, big plans. And these plans will require that her husband's considerable skills be yoked to her ambitions. If he is going to be her slave, he is going to serve her interests, not his. And her interests somehow involve close cooperation with some rather shady Chinese entrepreneurs and computer hackers. When lurid BDSM photographs of June and Timmy are discovered on a Chinese Intelligence computer, the

Bureau of Cyber Security back in Washington suddenly becomes very interested in TRB ? especially after it is revealed that the Chinese have somehow acquired copies of TRB?s highly classified code. But things in Washington have changed. A new cadre of strong female political leaders has taken over. They have introduced new policies. Among them is a new program, GRASp. Its goal is to produce the best trained psycho-bitch female field officers possible; women who are not only skilled in computers, weapons, and tradecraft, but also in the art of using their sexuality to manipulate, control, and exploit vulnerable males. So it was decided that the top GRASp graduate, Gladys, would be the best choice to get out to Santa Barbara to find out what June and the Chinese were up to. While the two women have vastly different outlooks, they both prove quite inventive in discovering sexy, enjoyable ways to cuckold,

abuse and exploit the men they acquire. ~~~~~ PG Excerpt

~~~~~ Today was a big decision day for their company, and June insisted that Timmy be properly dressed for the occasion. Props and Costumes. That was the mantra that guided his Mistress. Probably learned in her early days as a showgirl. Get the costume right, dazzle with a few accessories, put something distracting in front of the rubes, and nobody would notice the thin plot, the tiny breasts, or the dumb dialog. Props and Costumes. So, as June had directed, Timmy was properly outfitted in perfectly-fitting new jeans, and a crisp, blue dress shirt under an oh-so-expensive soft, gray cashmere sweater. The sweater elegantly guarded against the light ocean breeze and the jeans served to accent his slim ass and well-toned legs. Soft, well-worn leather driving shoes complemented the mandatory executive trim of his short silver hair. He looked exactly

like what he was supposed to be. Nobody would mistake him for anything other than a successful, slim, fit, California entrepreneur at the peak of his powers. Oh my, how looks can deceive. Especially if you can't see the constricting pink panty girdle that confined and pressed his flaccid shaft firmly back between his legs. Props and Costumes indeed. Whenever he was back in his old haunts, Madame thought it prudent to make sure he was aware of who he really belonged to and what he really was. She most definitely did not want any regression back into that outmoded world of white male privilege, hence the confining panty girdle. In fact, it was precisely that danger that June and her old college roommate Miriam had discussed and re-discussed over the last couple of weeks. This was not the time for one of Timmy's recurrent hissy fits and silly rebellions. This was a tricky moment. They needed

compliance, not resistance. He had to charm the customers, impress the investment bankers, and assure the advance tech guys from the Bureau of Cyber Security that he was personally on top of things. And he had to do these things in a way that Miriam's plans would be advanced, not hindered. After all, both women knew that using men's sexual perversions to manipulate them, while easy to do, was not a foolproof strategy. It had to be managed carefully. True, Miriam was third in her graduating class at Wharton, and had a solid track record in the executive suites of two Fortune 1000 companies. But still, while that would cover the business aspects, the human aspects of managing the company founder were not something the coolly controlled Miriam was qualified to do. Sidelining the legendary founder of the company was a job for, shall we say, a more persuasive, subtle mind. And in this case, the mind

possibility. They hesitantly decide to go to their local bar and see how they feel about their fantasies becoming reality, and the normally reserved and quiet Helen is ready and willing to flirt with anyone, as she is gripped with a brand new feeling. Nunzio Russo ' s The Maestrale Voice could be defined as a painting, rather than a novel. The author ' s delicate pen gently describes a century of Sicily, specifically the part of the island that gave birth to the product that most represents Italy: the pasta. His

vivid descriptions include all aspects of the reality of those days, never forgetting the wonders of that land. So its colors, its perfumes, its sunsets, but also its people ' s faces and their moods, their behaviors, their real essence: all these elements emerge on the surface of a canvas made of words. This novel is not only the story of a pasta plant, but also the story of the families that gravitate around it; the background of a country that went through war, governed by the Fascist Regime which, in that land kissed by the sun, has merged its interests with the ones of an obscure power: the Mafia. But besides all these events, what mostly delights the reader ' s minds and eyes are the images of a 20th century Sicily, cradled by the immense blue sea, caressed by the intense Maestrale.
