~~5 MUST HAVE Survival Farms! Farm To Table The Essential~~

Divided into two distinct but complementary halves, "Farm" and "Table," Farm to Table first examines the roots of our contemporary industrial food system, from the technological advances that presaged the "Green Revolution" to U.S. Secretary of Agriculture Earl Butz's infamous dictum to farmers to "Get big or get out" in the 1970s. Readers will explore the many threats to ecology and human health that our corporatized food system poses, but also the many alternatives—from ...

~~Farm To Table — Rolling Hills Farm — Luxury Farm in New York~~

The avowed anti-frackers buy grains from in-state farmers to ensure the land remains agricultural, and because ones grown to the state's brewer and distiller standards earn a premium price for farmers. Gearity praises the farm brewery bill for enabling them to incorporate their environmental activism into opening a community-focused business.

The tide is turning, however, thanks to what has been called the "farm-to-table" movement. In Farm to Table, Darryl Benjamin and Chef Lyndon Virkler explore both the roots of our current, corporate food system malaise, and the response by small farmers, food co-ops, chefs and restaurateurs, institutions, and many more, to replace the status quo with something more healthy, fair, just, and delicious.

~~Farm to table : the essential guide to sustainable food ...~~

Farm-to-table is a social movement which promotes serving local food at restaurants and school cafeterias, preferably through direct acquisition from the producer. This might be accomplished by a direct sales relationship, a community-supported agriculture arrangement, a farmer's market, a local distributor or by the restaurant or school raising its own food. Farm-to-table often incorporates a form of food traceability where the origin of the food is identified to consumers. Often restaurants ca

Legally, it seems farm-to-table doesn't have a definition. While local is defined by the USDA as coming from within 400 miles, farm-to-table has no teeth. This lack of guidelines causes frustration among those devoting effort to farm-to-table concepts. Andrew Wood, Chef-Owner of Russet in Philadelphia says, "Farm to table is getting played ...
