Commercial Law offers a fresh, modern, and stimulating exploration of this diverse and fascinating area of law. The text provides thorough coverage of all key aspects of the syllabus, including the law of agency, the sale of goods, international trade, and methods of payment, finance, and security. A range of learning features are employed throughout the book to encourage understanding of the law and to demonstrate and contextualize how the principles behind it play out in practical domestic and international commercial transactions. Online Resource Centre:Commercial Law is accompanied by a comprehensive Online Resource Centre which offers free access to the following resources: \* A test bank of multiple-choice questions\* Guidance on approaching the questions posed in the book\* Bonus online chapters covering consumer credit, insurance law, and competition law\* Further reading lists for each chapter\* A flashcard glossary\* Downloadable versions of the diagrams from the book

Remedies in Construction Law brings together various well-established strands of the law and considers practical remedies for breach of contract and tort in connection with construction projects. Now in a fully updated second edition, it covers topics such as: Damages Termination Quantum Meruit Recovery Injunctions Limitation ADR This book continues to be a vital reference to lawyers and construction professionals seeking specialist insight into how remedies function in the construction sector.

The Commercial Law Concentrate is written and designed to help you succeed. Written by experts and covering all key topics, Concentrate guides help focus your revision and maximise your exam performance. Each guide includes revision tips, advice on how to achieve extra marks, and a thorough and focused breakdown of the key topics and cases. Revision guides you can rely on: trusted by lecturers, loved by students... "I have always used OUP revision and Q&A books and genuinely believe they have helped me get better grades" - Anthony Poole, law student, Swansea University "The detail in this revision textbook is phenomenal and is just what is needed to push your exam preparation to the next level". - Stephanie Lomas, law student, University of Central Lancashire "It is a little more in-depth than other revision guides, and also has clear diagrams and teaches ways to obtain extra marks. These features make it unique" - Godwin Tan, law student, University College London "The concentrate revision guides stand out against other revision guides" - Renae Haynes Williams, law student, Bangor University "The exam style questions are brilliant and the series is very detailed, prepares you well" - Frances Easton, law student, University of Birmingham "The accompanying website for Concentrate is the most impressive I've come across" - Alice Munnelly, law student, Kings College London "-it is a fantastic book. It covers absolutely all topics you need for the course." - Emma McGeorge, law student, Strathclyde University

Now in its second edition, Construction Law is the standard work of reference for busy construction law practitioners, and it will support lawyers in their contentious and non-contentious practices worldwide. Published in three volumes, it is the most comprehensive text on this subject, and provides a unique and invaluable comparative, multi-jurisdictional approach. This book has been described by Lord Justice Jackson as a "tour de force", and by His Honour Humphrey LLoyd QC as "seminal" and "definitive". This new edition builds on that strong foundation and has been fully updated to include extensive references to very latest case law, as well as changes to statutes and regulations. The laws of Hong Kong and Singapore are also now covered in detail, in addition to those of England and Australia. Practitioners, as well as interested academics and post-graduate students, will all find this book to be an invaluable guide to the many facets of construction law.

Contract Law Directions is a clear, accessible and well-structured contract law text assuming no previous knowledge of the subject, making this the ideal text for those encountering contract law for the first time. The authors offer a practical, clear exposition of the key concepts and principles covered on undergraduate courses. A wide range of pedagogical features including diagrams and flowcharts elucidate the complex ideas and examples of commonplace and real-life situations provide a grounded understanding of the law. The book is accompanied by an extensive range of online resources including multiple choice questions, suggested approaches to answering the questions at the end of each chapter, web links, a glossary of key terms, and electronic versions of diagrams in the book for lecturers.
