This book is an authentic historical document, supported by extensive analytical information, in which former Fiat top manager Giorgio Garuzzo passionately recounts his experience within Fiat between 1976 and 1996. It is a narrative from the inside that sheds new light on events that have remained cloaked in mystery: the arrival and departure of Carlo De Benedetti, the "march of the forty thousand", the sacking of Vittorio Ghidella, the clashes between Umberto Agnelli and Cesare Romiti, the Group's involvement in the "clean hands" scandal, the role of Gianni Agnelli and his relationships with his brother and Cesare Romiti and the intervention of Mediobanca. Garuzzo discusses the issues connected with the range of cars and marques, touching on major themes of national or international relevance that were unrelated to Fiat but nonetheless conditioned its activities: terrorism and the unmanageability of the factories, inflation, the devaluation of the lira, the role of the trade unions and the General Confederation of Italian Industry, Japanese competition and European integration.

"The novels of Andrea Camilleri breathe out the sense of place, the sense of humor, and the sense of despair that fills the air of Sicily."
~Donna Leon
A young Don Juan is found murdered in front of his apartment building one morning, and an elderly couple is reported missing after an excursion to the ancient site of Tindari—two seemingly unrelated cases for Inspector Montalbano to solve amid the daily complications of life at Vigàta police headquarters. But when Montalbano discovers that the couple and the murdered young man lived in the same building, his investigation stumbles onto Sicily's brutal "New Mafia," which leads him down a path more evil and far-reaching than any he has been on before.

Alla balera della spiaggia, mentre mangiava una banana split, aveva lo sguardo che arrivava fino all’Africa, tanto era intenso e perso lontano. Pensava: 03580 euro e una settimana in carcere. Che cazzo sta succedendo. Disse: 0la macchina, ora la distruggo, mi porta sfiga. And- sul picco di un precipizio e mise la Fiat Tipo in folle: la spinse e se ne and-. Quando nel cielo comparve l’elicottero della forestale, la macchina si sfracell- e prese fuoco, con un principio d’incendio che rischiava di propagarsi, anche se con molta difficoltà, alla pineta l’ vicino.
