Financial Accounting - investopedia.com

Financial accounting is mandatory; that is, it must be done. Various out side parties such as Securities and exchange commission (SEC) and the tax authorities require periodic financial statements. Managerial accounting, on the other hand, is not mandatory. A company is completely free to do as much or as little as it wishes.

Difference Between Financial and Managerial Accounting ...

A substantial portion of the population finds accounting a very dry, boring subject; one with the capacity to draw figurative blinders over one ' s eyes, rendering them unable to absorb anything related to facts and figures.. On the other hand, there is a select segment of the population who revel in their understanding of such concepts and mentally play numbers games on their commute, just ...

Management Accounting v. Financial Accounting | Superprof

Module Overview. The module is intended to introduce students to regulation in financial reporting and to examine specific problem areas using a conceptual framework as a basis of the analysis. This allows an evaluation of current external reporting practice within the context of accounting theory. This will involve an examination of the regulatory framework of financial reporting, i.e. UK and EU company law, the UK Accounting Standards Board and the International Accounting Standards Board.
