The team leader will schedule meetings, prepare agendas, and collect information to bring to the meetings. While the ISO Steering Team leads the project, the Food Safety Team and other "Task Teams" will develop processes and document procedures to address requirements of the standard. The SQF Steering team will review the processes and procedures, and monitor the progress of the Task Teams. Our approach is to set up a Task Team for each Quality System Procedure that needs to be developed ...

ISO 22000 Food Safety Team Leader - Registrar Corp

Safety meetings are gatherings held with one goal: to discuss the necessary steps that a team should take to ensure the security in the concerned sector. Of course, safety standards vary from department to department, which means that the agenda and meeting minutes for one meeting will be different from another.
