Research and theorizing on criminal decision making has not kept pace with recent developments in other fields of human decision making. Whereas criminal decision making theory is still largely dominated by cognitive approaches such as rational choice-based models, psychologists, behavioral economists and neuroscientists have found affect (i.e., emotions, moods) and visceral factors such as sexual arousal and drug craving, to play a fundamental role in human decision processes. This book examines alternative approaches to incorporating affect into criminal decision making and testing its influence on such decisions. In so doing it generalizes

extant cognitive theories of criminal decision making by incorporating affect into the decision process. In two conceptual and ten empirical chapters it is carefully argued how affect influences criminal decisions alongside rational and cognitive considerations. The empirical studies use a wide variety of methods ranging from interviews and observations to experimental approaches and questionnaires, and treat crimes as diverse as street robbery, pilfering, and sex offences. It will be of interest to criminologists, social psychologists, judgment and decision making researchers, behavioral economists and sociologists alike.

authors describe the application of CBT with clients of diverse cultures, and discusses how therapists can refine CBT to increase its effectiveness with clients from a variety of cultural backgrounds. They examine the unique characteristics of, and the use of CBT with various racial, ethnic, and religious minority groups in the United States including Latinx, Asian Americans, African Americans, American Indians, Alaska natives, Arabs, and Orthodox Jews. Strategies for using CBT with older adults, individuals with disabilities, and LGBTQ clients are also examined. A chapter on culturally responsive CBT clinical supervision closes this volume. This second edition includes fully-updated demographic information, a greater emphasis on culture-specific assessments, and a chapter on using CBT with clients of South Asian descent.
