Freedom is not Free Shiv Khera's Documentary against Corruption.flv

In 2004, when his book *Freedom Is Not Free* came out, Amrit Lal, a retired Indian civil servant, accused Shiv Khera of plagiarism, alleging that content from that book directly came from his own book *India Enough Is Enough* which was published in 1995. He also found that numerous anecdotes, jokes and quotes in Shiv Khera's other books were also used without acknowledging proper sources.

This book is a wake-up call for those whose conscience has gone to sleep, but is not yet dead. It is a call to action for those whose hearts beat and weep for India. It invokes the participation of ordinary citizens so that they take up cudgels for the na

Widespread poverty and malnutrition, an alarming refugee crisis, social unrest, and economic polarization have become our lived reality as the top 1% of the world's seven-billion-plus population pushes the planet—and all its people—to the social and ecological brink. In *Oneness vs. the 1%*, Vandana Shiva takes on the Billionaires Club of Gates, Buffet, and Zuckerberg, as well as other modern empires whose blindness to the rights of people, and to the destructive impact of their construct of linear progress, have wrought havoc across the world. Their single-minded pursuit of profit has undemocratically enforced uniformity and monocultures, division and separation, monopolies and external control—over finance, food, energy, information, healthcare, and even relationships. Basing her analysis on explosive, little-known facts, Shiva exposes the 1%'s model of philanthrocapitalism, which is about deploying unaccountable money to bypass democratic structures, derail diversity, and impose totalitarian ideas based on One Science, One Agriculture, and One History. She calls for the “resurgence of real knowledge, real intelligence, real wealth, real work, real well-being,” so that people can reclaim their right to: Live Free. Think Free. Breathe Free. Eat Free.

Results Are Rewarded, Efforts Aren't Bestselling author Shiv Khera reveals the secrets of every successful sales professional, and explains clearly and simply why 'Results Are Rewarded, Efforts Aren't'. *You Can Sell* teaches you how to gain a thorough and in-depth knowledge of the business world, a clearer understanding of the tasks at hand and, ultimately, how to sell your way to success. This book explains how you can: · Gain success and avoid pitfalls; · Meet and exceed goals; · Establish credibility and grow; · Gain a competitive edge; and · Understand the qualities of a winning professional.

Winners don't different things, they do things differently A practical, common-sense guide that will lead you from ancient wisdom to modern-day thinking, *You Can Win* will help you to establish new goals, develop a renewed sense of purpose, and generate fresh and exciting ideas about yourself and your future. Shiv Khera guarantees, as the title suggests, a lifetime of success. The book enables you to translate positive thinking into attitude, ambition and action, all of which combine to give you the winning edge. This book will help you to: · Build confidence by mastering the seven steps to positive thinking; · Be successful by turning weaknesses into strengths; · Gain credibility by doing the right things for the right reasons; · Take charge by controlling things instead of letting them control you; · Build trust by developing mutual respect with the people around you; and · Accomplish more by removing the barriers to effectiveness.

Contagious Acts of Freedom is a short collection of poems and memoirs celebrating the bold act of exercising freedom despite the constraints and demands of life. Even the tiniest acts of expression can be daring demonstrations of self-determination amidst the confining forces of our world.

So now you can get my "productivity secrets"

for just a fraction of the cost. Get started today!

Written by a 15 YEARS OLD..."When I met Alvaro Martin I was amazed at how such a young talent could have the talent, commitment and the clarity of ideas that he displays in this excellent book. It is rare to find someone that, as such a young age, has such a profound understanding of important economic matters, and his precise argumentation in the much-needed task of debunking the interventionist agenda. Alvaro Martin, with his articles and this book, has created a body of work that is impressive for any expert, let alone for someone who is still in college. But he must persevere. The future is going to be very difficult. It is not "cool" or "sexy" to defend freedom. And he, like many others, will be criticized as anti-social. So, my dear Alvaro, the battle has just begun. Do not forget it."- Daniel Lacalle. Globalization and market freedom have been proved to be the best weapons in war against poverty and in search of economic growth. Globalization has not only helped with economic growth in developed countries, but much wider it has helped to promote employment and social development in emerging economies, breaking up the usual leftist argument against multinationals and market freedom. To me, Globalization has been the clearest example of market freedom and the development of libertarian ideas in the last century. Throughout this book, we will try to draw a detailed analysis of the different points and sectors where implementing market freedom policies is essential for growth and individual liberty, starting with a clear example of the route all nations should follow towards freedom, and which has demonstrated why capitalism works. The miracle of Globalization. In Defense of Freedom.
