Attending a three-day wilderness adventure program, Cher and her best friend Dionne are dismayed when newcomer Mariah wins over Cher's fans, a situation that dissipates when the girls learn about Dionne's difficult family life. Original.

Clueless: American Youth in the 1990s is a timely contribution to the increasingly prominent academic field of youth film studies. The book draws on the social context to the film's release, a range of film industry perspectives including marketing, audience reception and franchising, as well as postmodern theory and feminist film theory to assert the cultural and historical significance of Amy Heckerling's film and reaffirm its reputation as one of the defining teen films of the 1990s. Lesley Speed examines how the film channels aspects of Anita Loos' 1925 novel *Gentlemen Prefer Blondes*, the 1960s television series *Gidget* and Jane Austen's *Emma*, to present a heightened,

optimistic view of contemporary American teenage life. Although seemingly apolitical, Speed makes the case for Clueless as a feminist exploration of relationships between gender, comedy and consumer culture, centring on a contemporary version of the 'dumb blonde' type. The film is also proved to embrace diversity in its depiction of African American characters and contributing to an increase in gay teenagers on screen. Lesley Speed concludes her analysis by tracking the rise of the Clueless franchise and cult following. Both helped to cement the film in popular consciousness, inviting fans to inhabit its fantasy world through spinoff narratives on television and in print, public viewing rituals, revivalism and vintage fashion.

When Tai abruptly moves back to Brooklyn, Cher and Dionne follow her to New York and attempt to bring her back, while coping with a city that has a decidedly different fashion sense from their native California.

Jake Forest just put a dent in Cher's fender, and now she's in love. Is it kismet or another accident waiting to happen?

Her name is Sharon, and she's so couturely clueless! Scuffed urban combat boots, a faded pink slip dress, a safety pin in her eyebrow. Now, suddenly, the grunge goddess has seen the error of her ways. She's all, 'Help me, Cher. I want to be just like you.' But is this really what the world needs now - another Cher? Talk about coincidence. For English, Cher's reading Frankenstein, the classic horror hair-raiser about a guy who creates a monster that goes, like, totally postal. And now Cher's creation, Sharon, is turning into a psycho-clone. She's already taken Cher's walk and her talk, and may even take Cher's Baldwin to the ball. Now that could be a real horror story!

Will we ever get tired of Clueless? Ugh, as if! Acclaimed pop culture journalist Jen Chaney celebrates the twentieth anniversary of the classic film's release in the first book of its kind, weaving together original interviews with writer and director Amy Heckerling; key cast members, including Alicia Silverstone (Cher), Paul Rudd (Josh), Stacey Dash (Dionne), Donald Faison (Murray), Elisa Donovan (Amber), Wallace Shawn (Mr. Hall), Twink Caplan (Ms. Geist and associate producer); and other crucial Clueless players like costume designer Mona May, casting director Marcia Ross, director of photography Bill Pope, former

Paramount chairwoman Sherry Lansing, and many more. Cast and crew also pay heartfelt tribute to the late Brittany Murphy, who lit up the screen as Cher's protégée, Tai. Chaney explores the influence of Jane Austen's Emma as the unlikely framework for Heckerling's script, the rigorous casting process (including the future stars who didn't make the cut), the functional yet fashion-forward wardrobe, the unique slang that drew from the past and coined new phrases for the future, the sun-drenched soundtrack that set the tone, and—above all—the massive amount of work, creativity, and craft that went into making Clueless look so effortlessly bright and glossy. As If! illuminates why plaid skirts and knee socks will never go out of style, and why Clueless remains one of the most beloved comedies of all time.

Cher is forced to call in some favors when her hopes to attend a hot new Baldwin tennis camp are threatened by her need to pass science class. Original.
