What happens when a seventeenth-century bad guy has twenty-first-century technology? An accident with an antigravity machine catapulted Peter Schock and Kate Dyer back to 1763. A bungled rescue attempt leaves Peter stranded in the eighteenth century while a terrifying villain, the Tar Man, takes his place and explodes onto twenty-first-century London. Concerned about the potentially catastrophic effects of time travel, the NASA scientists responsible for the situation question whether it is right to rescue Peter. Kate decides to take matters into her own hands, but things don't go as planned. Soon the physical effects of time travel begin to have a disturbing effect on her. Meanwhile, in our century, the Tar Man wreaks havoc in a city whose police force is powerless to stop him.Set against a backdrop of contemporary London and revolutionary France, The Time Thief is the sequel to the acclaimed The Time Travelers.
--

Time itself is splintering. If the catastrophic consequences of time travel are now impossible to ignore, Lord Luxon only has eyes for its awesome possibilities. He has his sights set on no lesser prize than America. Abducted to 1763, Peter and Kate begin to understand that history has arrived at its tipping point. Adrift in time, Kate transforms into an oracle, able to see the future as easily as the past. While Gideon does all he can to help, he is tormented by the knowledge that The Tar Man, his nemesis, is also his own brother. As they pursue him through the dark streets of eighteenth-century London, and the time quakes begin, Peter realises that this monster may hold the fate of all of us in his hands.
--

Writer/artist Giulio Macaione makes his comics debut in this breathtaking story about family and friendship. Alice can enter and share dreams by sleeping near someone, a power utterly outside her own control. After moving back to Cincinnati, Alice is stuck sharing a bedroom with her brother and worse, sharing his dreams. The bright spot in her life is her best friend, Jamie, but there's more history between their families than Alice realized, and there are secrets buried deep.

The Raven: six men and an elf, sword for hire in the wars that have torn apart Balaia. For years their loyalty has been only to themselves and their code. But, that time is over. The Wytech Lords have escaped and The Raven find themselves fighting for the Dark College of magic, searching for the location of Dawnthief. It is a spell created to end the world, and it must be cast if any of them are to survive. Dawnthief is a fast paced epic about a band of all-too-human heroes. From the Trade Paperback edition.

An inventive and richly visual novel about young lovers on a quest to find a cure for a magical ailment, perfect for readers of Alice Hoffman Strange things are happening on the remote and snowbound archipelago of St. Hauda's Land. Unusual winged creatures flit around the icy bogland, albino animals hide themselves in the snow-glazed woods, and Ida MacIaird is slowly turning into glass. Ida is an outsider in these parts, a mainlander who has visited the islands only once before. Yet during that one fateful visit the glass transformation began to take hold, and now she has returned in search of a cure. Midas Crook is a young loner who has lived on the islands his entire life. When he meets Ida, something about her sad, defiant spirit pierces his emotional defenses. As Midas helps Ida come to terms with her affliction, she gradually unpicks the knots of his heart. Love must be paid in precious hours and, as the glass encroaches, time is slipping away fast. Will they find a way to stave off the spread of the glass? The Girl with Glass Feet is a dazzlingly imaginative and magical first novel, a love story to treasure.

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri; min-height: 14.0px} Peter Grant and Sahra Guleed are trying to contain an outbreak of vindictive black mould that seems to be going after the rich and heartless. But after a successful mission, the mould has penetrated the headquarters of London 's crime-fighting magical practitioners – The Folly – and the shitake is about to get real... An all-new and original Rivers of London comic series, written by Ben Aaronovitch and Andrew Cartmel! Set between Foxglove Summer and The Hanging Tree.

The essays by Juhani Pallasmaa range from considerations of identity and intention to technology and nature, from standardised systems of construction to phenomenological approaches to architecture.
The eighth Darkover anthology returns to stories about the Free Amazons, also called Renunciates. Here are twenty-two brand new tales about the Renunciates, including Marion Zimmer Bradley's account of how Camilla and Rafaella changed from enemies to best friends. Stories in this volume were written by Marion Zimmer Bradley, Deborah J. Ross, Mercedes Lackey, Diana L. Paxson, Elisabeth Waters, Emily Alward, Priscilla W. Armstrong, Lynne Armstrong-Jones, Chel Avery, Margaret L. Carter, Patricia B. Cirono, Mary Fenoglio, Kelly B. Jagers, Judith Kobylecky, Jean Lamb, Vera Nazarian, Patricia Duffy Novak, Diann S. Partridge, Andrew Rey, Janet R. Rhodes, Annette Rodriguez, and Joan Marie Verba.

This is war. Okay--that's too dramatic. But no matter what this is called, so far I'm winning. And it feels wonderful. Grace and Ellie have been best friends since second grade. Ellie's always right in the center of everything--and Grace is usually happy to be Ellie's sidekick. But what happens when everything changes? This time it's Grace who suddenly has everyone's attention when she accidentally starts a new fad at school. It's a fad that has first her class, then her grade, and then the entire school collecting and trading and even fighting over . . . buttons?! A fad that might also get her in major trouble and could even be the end of Grace and Ellie's friendship. Because Ellie's not used to being one-upped by anybody. There's only one thing for Grace to do. With the help of Hank--the biggest button collector in the sixth grade--she will have to figure out a way to end the fad once and for all. But once a fad starts, can it be stopped? Andrew Clements, the beloved author of Frindle, returns with a deliciously entertaining and deeply satisfying story that will resonate with anyone who's ever been in a classroom . . . or been a kid. A fad is a tough thing to kill, but then again, so is a friendship. Praise for Andrew Clements! "Clements is a genius." --The New York Times "We have never read an Andrew Clements book that we haven't loved." --The Washington Post
