"Skylar is my name, tragically." Sixteen-year-old Skylar is witty, empathetic, sensitive--and mute. Skylar hasn't uttered a single word since his mother died eleven years ago, a senseless tragedy he's grateful he doesn't have to talk about. When Skylar's father mysteriously vanishes one summer afternoon, Skylar is placed in the temporary custody of his only remaining relative, an estranged grandmother living on an Indian reservation in the middle of arid Arizona. Adapting to a brand new culture is the least of Skylar's qualms. Because Skylar's mother did not die a peaceful death. Skylar's mother was murdered eleven years ago on the Nettlebush Reserve. And her murderer left behind a son. And he is like nothing Skylar has ever known.

"There's nothing wrong with trying to get to know my son's boyfriend." Skylar knows he's lucky to have an open-minded father. It's not just that Skylar and Rafael are both boys. Between their families exists a dark and turbulent past: Rafael's father was the first serial killer in the history of the Nettlebush Indian Reserve, and Skylar's mother was his last victim. Skylar is ready to put the past behind him. But Skylar's future is tenuous at best. Skylar is still a ward of the state, and foster care can take him away from the reservation at a moment's notice. Voiceless and powerless, Skylar learns firsthand what it means to be a Native American in the 21st century. And when Skylar stumbles across his father's best-kept, twelve-year-old secret, not even Rafael can shield him from the fallout.

A heartbreaking and wryly hopeful memoir of surviving the NYC foster care system—and how one girl's “masterpiece of literary disaster” (io9.com) connected her to a community that could help her find her lost brother. In the early 2000s, Rose Christo was separated from her five-year-old brother and shuttled between foster homes in Brooklyn to the Bronx and back again. Desperate to be reunited with her sibling, she traveled the five boroughs, unable to find any trace of him, as New York state's child care agencies failed to help her time and again. Then, with the help of one beloved foster sister, Rose created an infamous piece of Harry Potter fanfiction titled My Immortal, posting it online under the pseudonym XXXbloodyrists666XXX. The “forty-four chapters and 22,000 words of hysterical, typo-laden hyperbole” (BuzzFeed.com) went viral as the most notoriously terrible fanfic ever read by the community. For years, fans, writers, and editors researched, debated, and contested the story's origin and its mysterious author: was this grammatically-challenged rant actually written by a suicidal Goth teenager named Tara Gilesbe living in Dubai, or was this a hoax perpetrated by a group of professional authors making fun of fanfiction? The truth is a gripping, compelling, and surprisingly funny story of how a young girl infiltrated and used the fan fiction community to search for her brother by baiting their attention with a deliberately badly written tale, creating a ten-year mystery that garnered pop culture media attention and remained unsolved—until now.

Michael Mirez witnesses a sexual assault and does nothing to stop it. Torn apart by guilt, Michael sabotages his own life, until one year later, when Michael unexpectedly crosses paths with the victim again. Michael is determined to make it up to Noah, a painfully shy Native American boy whose only ambition is to travel into space. But Noah doesn't remember Michael; and Michael doesn't have the courage to refresh his memory. And behind Noah's attack lies a disturbing pastime with roots as old as America itself.

War Chief Wandering Spirit is charged with a horrible crime he didn't commit. Feared and hated, outcast and reviled, the River People become the most hunted animal in North America. Only one man has the power to clear their name--and he doesn't want to. Based on the true story of the Frog Lake Massacre.

What determines whether complex life will arise on a planet, or even any life at all? Questions such as these are investigated in this groundbreaking book. In doing so, the authors synthesize information from astronomy, biology,

Download Free Gives Light 1 Rose Christo

and paleontology, and apply it to what we know about the rise of life on Earth and to what could possibly happen elsewhere in the universe. Everyone who has been thrilled by the recent discoveries of extrasolar planets and the indications of life on Mars and the Jovian moon Europa will be fascinated by Rare Earth, and its implications for those who look to the heavens for companionship.

In a hospital bed, small-time private detective Ray Lovell veers between paralysis and delirium. But before the accident that landed him there, he'd been hired to find Rose Janko, the estranged daughter of a traveling Gypsy family, who went missing seven years earlier. Half Romany himself, Ray is well aware that he's been chosen more for his blood than for his investigative skills. Still, he's surprised by the intense hostility he encounters from the Jankos, who haven't had an easy past. Touched by tragedy, they're either cursed or hiding a terrible secret—the discovery of which Ray can't help suspecting is connected to Rose's disappearance... Seamlessly toggling between Ray's past and present, and the perspective of the missing woman's young nephew JJ, Stef Penney builds a gripping page-turner that doesn't let go until its shocking end.

Renowned American historian and leading horticulturalist Parkman wrote what was for many years a standard manual on the subject of roses in 1866.

Christo's life fell apart when his partner of eight years walked out on him. There wasn't even a reason for it: sometimes love just fades, as quickly and mysteriously as it appears in the first place. Enter Damien. Damien's the guy with a different man on his arm for every event, he's smooth and arrogant and always impeccably turned out. Christo hates him. But God, he's gorgeous. Damien could be exactly what Christo needs to get him over John. It's only going to be a fling. Nothing serious, nothing that will affect their working relationship or the rest of their lives. So why are they fighting through the night rather than letting go and walking away? Why does Damien's secretive nature bug Christo so much? And why does he even care that the other man might not be as tough as he pretends to be?
