Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Going far beyond being just a mega sport event, the Olympic Games are, and have been in the past, important settings for tourism and cultural change. Hosting the Olympic Games presents a unique opportunity for countries to promote, regenerate, and develop cities and regions, and to firmly locate them within an increasingly competitive global tourism marketplace. From Athens to Rio de Janeiro, Olympic landmark buildings, ' districts ' , and ' parks ' have permanently transformed cities and regions, and gained tremendous material and symbolic value as tourist attractions. On another level, the Olympic Games produce a kaleidoscopic range of intangible and quasi-religious engagements with place and spectacle. They have a tremendous impact on the image of the host country, while invoking collective memories and touching on emotions such as suspense, compassion, togetherness, and pride. Tourism has also become a major watchword in ongoing debates on the ' legacy ' of the Olympic Games, and it deeply penetrates discourses on social justice and cultural change on a local, national and global scale. This book was originally published as a special issue of the Journal of Tourism and Cultural Change.

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

A brilliant look at colonialism and its effects in Antigua--by the author of Annie John "If you go to Antigua as a tourist, this is what you will see. If you come by aeroplane, you will land at the V. C. Bird International Airport. Vere Cornwall (V. C.) Bird is the Prime Minister of Antigua. You may be the sort of tourist who would wonder why a Prime Minister would want an airport named after him--why not a school, why not a hospital, why not some great public monument. You are a tourist and you have not yet seen . . ." So begins Jamaica Kincaid's expansive essay, which shows us what we have not yet seen of the ten-by-twelve-mile island in the British West Indies where she grew up. Lyrical, sardonic, and forthright by turns, in a Swiftian mode, A Small Place cannot help but amplify our vision of one small place and all that it signifies.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Study & Master Life Sciences Grade 10 has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Life Sciences. The comprehensive Learner's Book includes: * an expanded contents page indicating the CAPS coverage required for each strand * a mind map at the beginning of each module that gives an overview of the contents of that module * activities throughout that help develop learners' science knowledge and skills as well as Formal Assessment tasks to test their learning * a review at the end of each unit that provides for consolidation of learning * case studies that link science to real-life situations and present balanced views on sensitive issues. * 'information' boxes providing interesting additional information and 'Note' boxes that bring important information to the learner's attention

This book presents all the publicly available questions from the PISA surveys. Some of these questions were used in the PISA 2000, 2003 and 2006 surveys and others were used in developing and trying out the assessment.
