The extraordinary #1 New York Times bestseller about the ability of books to feed the soul even in the darkest of times. Nominated as one of America's best-loved novels by PBS's The Great American Read. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank." —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

Your how-to guide to become a ham Ham radio, or amateur radio, is a way to talk with people around the world in real-time, or to send email without any sort of internet connection. It provides a way to keep in touch with friends and family, whether they are across town or across the country. It is also a very important emergency communication system. When cell phones, landlines, the internet, and other systems are down or overloaded, Amateur Radio still gets the message through. Radio amateurs, often called "hams," enjoy radio technology as a hobby, but are often called upon to provide vital service when regular communications systems fail. Ham Radio For Dummies is your guide to everything there is to know about ham radio. Plus, this updated edition provides new and additional information on digital mode operating, as well as use of amateur radio in student science and new operating events. • Set up your radio station • Design your ham shack • Provide support in emergencies and communicate with other hams • Study for the licensing exam and choose your call sign If you're looking to join a college radio club or just want to learn the latest tips and tricks, this book is a helpful reference guide to beginners, or those who have been "hams" for years.

World's Best Hobby is an unusual title for a memoir, which is exactly what this book is. It's my life in the fascinating hobby of Amateur Radio. Much of my professional life is spent producing documentary and reality programs for television (including more than a few about Ham Radio) where I learned that the purpose of a title is to attract an audience and if it was also true, all the better. The challenge with documentary films is to make them entertaining first and foremost, and informational if possible. I've tried very hard to make this book entertaining, and from feedback I've gotten (from Hams and wannabee Hams who found it posted online as I was writing it) I've succeeded, at least to some extent. I tried to make the book fun because Ham Radio is fun. And Ham Radio has more facets than a cheap diamond, as you'll discover as you dig into World's Best Hobby. Enjoy! PS. Let me know

what you think of World's Best Hobby - especially if you like it. 73, Dave Bell, W6AQ

Hi, y'all! This book is my proudest achievement so far, and I just have to tell y'all why I am so excited about it. It's a book of classic dishes, dedicated to a whole new generation of cooks—for every bride, graduate, and anyone who has a love of a great Southern meal. My family is growing and expanding all the time. We're blessed with marriages and grandbabies, and so sharing these recipes for honest, down-home dishes feels like passing a generation's worth of stovetop secrets on to my family, and yours. I've been cooking and eating Southern food my whole life, and I can tell you that every meal you make from this book will be a mouthful of our one-of-a-kind spirit and traditions. These recipes showcase the diversity and ingenuity of Southern cuisine, from Cajun to Low-Country and beyond, highlighting the deep cultural richness of our gumbos and collards, our barbecues and pies. You may remember a few beloved classics from *The Lady & Sons*, but nearly all of these recipes are brand-new—and I think you'll find that they are all mouthwateringly delicious. It is, without a doubt, a true Southern cooking bible. I sincerely hope that this book will take its place in your kitchen for many years to come, as I know it will in mine. Here's to happy cooking—and the best part, happy eating, y'all! Best dishes, Paula Deen

Suspenseful and compelling, Daniela Tully's *Hotel on Shadow Lake* is at once an intricate mystery, an epic romance, and a Gothic family saga. When Maya was a girl in Germany, her grandmother was everything to her: teller of magical fairy tales, surrogate mother, best friend. Then, shortly after Maya's sixteenth birthday, her grandmother disappeared without a trace, leaving Maya with only questions to fill the void. Twenty-seven years later, her grandmother's body is found in a place she had no connection to: the Montgomery Resort in upstate New York. How did she get there? Why had she come? Desperate for answers, Maya leaves her life in Germany behind and travels to America, where she is drawn to the powerful family that owns the hotel and seemingly the rest of the town. Soon Maya is unraveling secrets that go back decades, from 1910s New York to 1930s Germany and beyond. But when she begins to find herself spinning her own lies in order to uncover the circumstances surrounding her grandmother's death, she must decide whether her life and a chance at true love are worth risking for the truth.

The only thing you'll find on the summit of Mount Everest is a divine view. The things that really matter lie far below. – Peak Marcello After fourteen-year-old Peak Marcello is arrested for scaling a New York City skyscraper, he's left with two choices: wither away in Juvenile Detention or go live with his long-lost father, who runs a climbing company in Thailand. But Peak quickly learns that his father's renewed interest in him has strings attached. Big strings. As owner of Peak Expeditions, he wants his son to be the youngest person to reach the Everest summit--and his motives are selfish at best. Even so, for a climbing addict like Peak, tackling Everest is the challenge of a lifetime. But it's also one that could cost him his life. Roland Smith has created an action-packed adventure about friendship, sacrifice, family, and the drive to take on Everest, despite the incredible risk. The story of Peak's dangerous ascent—told in his own words—is suspenseful, immediate, and impossible to put down.

A cloth bag containing 20 paperback copies of the title that may also include a folder with sign out sheets.

Relates the story of a U.S. airman who survived when his bomber crashed into the sea during World War II, spent forty-seven days adrift in the ocean before being rescued by the Japanese Navy, and was held as a prisoner until the end of the war.
