Henry VIII – English Monarchs

No English monarch has treated those close to him with such ruthlessness as Henry VIII. The older he got, the more he behaved like a petulant, self-obsessed teenager with a loaded revolver. But although he degenerated from a Renaissance prince into a tyrant, casting off wives and servants with merciless finality, he did make England independent.

S.T. Bindoff Tudor England

PROLOGUE: 1485 The very fact that Henry Tudor became King of England at all is somewhat of a miracle. His claim to the English throne was tenuous at best. His father was Edmund Tudor, a Welshman of Welsh royal lineage, but that was not too important as far as his claim to the English throne went.

Henry VIII's forceful personality

Download File PDF Henry Vii The English Monarchs

dominated his age and continues to fascinate our own. In few other reigns have there been developments of such magnitude—in politics, foreign relations, religion, and society—that have so radically affected succeeding generations. Above all the English Reformation and the break with Rome are still felt more than four centuries on. First published in 1968, J. J. Scarisbrick's *Henry VIII* remains the standard account, a thorough exploration of the documentary sources, stylishly written and highly readable. In an updated foreword, Professor Scarisbrick takes stock of subsequent research and places his classic account within the context of recent publications. "It is the magisterial quality of J.J. Scarisbrick's work that has enabled it to hold the field for so long." —Steve Gunn, *Times*

Download File PDF Henry Vii The English Monarchs Literary Supplement

Profiles Henry VII as an enigmatic and ruthless king of a country ravaged by decades of conspiracy and civil war, discussing the costs of establishing a Tudor monarchy and the ways he set the stage for Henry VIII's reign.

Richard III ruled England for a mere twenty-six months, yet few English monarchs remain as compulsively fascinating, and none has been more persistently vilified. In his absorbing and universally praised account, Charles Ross assesses the king within the context of his violent age and explores the critical questions of the reign: why and how Richard Plantagenet usurped the throne; the belief that he ordered the murder of "the Princes in the Tower"; the events

Leading to the battle of Bosworth in 1485; and the death of the Yorkist dynasty with Richard himself. In a new foreword, Professor Richard A. Griffiths identifies the attributes that have made Ross's account the leading biography in the field, and assesses the impact of the research published since the book first appeared in 1981. "A fascinating study on a perennially fascinating topic... the base against which will be measured any future research."--Times Higher Education Supplement

Part of the Penguin Monarchs series: short, fresh, expert accounts of England's rulers in a collectible format Henry VII was one of England's unlikeliest monarchs. An exile and outsider with barely a claim to the throne, his victory over Richard III at

Download File PDF Henry VII The English Monarchs

Bosworth Field seemed to many in 1485 only the latest in the sequence of violent convulsions among England's nobility that would come to be known as the Wars of the Roses - with little to suggest that the obscure Henry would last any longer than his predecessor. To break the cycle of division, usurpation, deposition and murder, he had both to maintain a grip on power and to convince England that his rule was both rightful and effective. Here, Sean Cunningham explores how, in his ruthless and controlling kingship, Henry VII did so, in the process founding the Tudor dynasty.

The life of the king of England who defeated Richard III at the Battle of Bosworth and founded the glittering Tudor royal dynasty.

to maintain a grip on power and to convince England that his rule was both rightful and effective. Here, Sean Cunningham explores how, in his ruthless, controlling and personal kingship, Henry VII did so; in the process founding the Tudor dynasty and, arguably, helping to lay the foundations for modern government.

Sean Cunningham is a Principal Records Specialist at The National Archives. A Fellow of the Royal Historical Society, he has published widely on late medieval and early Tudor England. His books include, most recently, a historical biography of Henry VII.

Tudor Kings and Queens is the ideal, handy guide to what is a perennially popular era in British history.

Beginning with the accession to the

English throne of Henry VII, the author guides the reader through a succession of monarchs, who also included the infamous King Henry VIII, Mary I, Edward VI and Elizabeth I. Identifying the key moments of their reigns, from insurrections to their handling of foreign policy to their many marriages, Alex Woolf clarifies the way in which these kings and queens governed their realm and what they had to deal with. It's the perfect companion for anyone who enjoys historical drama and wants to know more about one of the most intriguing royal dynasties.
