For over a decade, educators have looked to capitalize on the appeal of hip-hop culture, sampling its language, techniques, and styles as a way of reaching out to students. But beyond a fashionable hipness, what does hip-hop have to offer our schools? In this revelatory new book, Marc Lamont Hill shows how a serious engagement with hip-hop culture can affect classroom life in extraordinary ways. Based on his experience teaching a hip-hop – centered English literature course in a Philadelphia high school, and drawing from a range of theories on youth culture, identity, and educational processes, Hill offers a compelling case for the power of hip-hop in the classroom. In addition to driving up attendance and test performance, Hill shows how hip-hop – based educational settings enable students and teachers to renegotiate their classroom identities in complex, contradictory, and often unpredictable ways. " One of the most profound, searching, and insightful studies of what happens to the identities and worldviews of high school students who are exposed to a hip-hop curriculum." —Michael Eric Dyson, author, Can You Hear Me Now? " Hill ' s book is a beautifully written reminder that the achievement gaps that students experience may be more accurately characterized as cultural gaps—between them and their teachers (and the larger society). This is a book that helps us see the power and potential of pedagogy. " —From the Foreword by Gloria Ladson-Billings, University of Wisconsin – Madison " Beats, Rhymes, and Classroom Life offers a vibrant, rigorous, and comprehensive analysis of hip-hop culture as an effective pedagogy, cultural politics, and a mobilizing popular form. This book is invaluable for anyone interested in hip-hop culture, identity, education, and youth. " —Henry Giroux, McMaster University " This book marks the time where our modern literature changes from entertainment to education. A study guide for our next generation using the modern day struggle into manhood and beyond. " —M-1 from dead prez

When Teddy Anderson's little sister Tina is gunned down randomly in a drive-by shooting, the gangstas who rule the streets in the Anderson family's rapidly deteriorating neighborhood dismiss the incident as just another case of RP, RT???wrong place, wrong time. According to gangsta logic, Tina doesn't even count as a statistic. Teddy's family is devastated. Mrs. Anderson sinks into deep depression while Pops struggles to run both the household and his declining laundry business. The Andersons are shocked still further when Teddy is arrested and thrown in prison for attempted homicide after his elaborately laid plans for revenge against his sister's killer are foiled by the cops. Teddy soon finds himself out of prison on house arrest, and in the capable hands of Officer Mariana Diaz, the smart, tough probation officer assigned to oversee his endless hours of community service. As part of the innovative rehabilitation program Diaz runs, Teddy is assigned to tutor Micah, a twelve-year-old orphan and would-be gansta. As Teddy goes through the motions of complying with the terms of his probation, Diaz has no idea that he is using his genius-level computer hacker skills to plot his final vengeance and to defraud the state education system of hundreds of thousands of dollars. But even though Teddy thinks he knows it all, he fails to see how Micah's desperate need for love and trust just might have the power not only to pierce all Teddy's defenses, but to save his family.
